SCENARIO 3B TRANSMISSION MAIN REHABILITATION

CONSTRUCTION MANAGER AT RISK

WS85507008

NOTIFICATION LETTER NO. 1

NOVEMBER 13, 2023

This notification letter shall become part of the Request for Qualifications for the above referenced project.

- Q1.** During the pre-bid meeting, the scope limited the renewal options to slip-lining, open-trench replacement, or a combination of the two. Is the City open to alternative, cost-effective renewal solutions that they would have had experience with on previous projects as a proposed technical approach for this project?
- A1.** The City is always open to looking at other options, but for this pipe size, slip-lining or open trench replacement, seem to be the best options.

All other terms and conditions remain unchanged.

A handwritten signature in black ink that reads "Heather Roye".
