

Information

Fifteen Senior Centers, geographically dispersed throughout Phoenix, provide older adults with a variety of social, recreational, educational, health and wellness activities. The City of Phoenix Human Services Department, Senior Programs operates these centers.

Senior centers keep older adults mentally, physically and socially engaged while having fun and spending time with friends. Lunchtime meals and transportation are also available to senior center members.

Annual Senior Center membership is \$20 for Phoenix residents, \$40 for non-Phoenix residents. Membership provides access to all 15 senior centers and Phoenix recreation centers. Additional fees may apply for specific activities.
