

## ADDENDUM ONE

(please sign and return with the submittal)

### VENDOR'S INQUIRIES AND CITY'S RESPONSES

Please make the following changes to the above-referenced solicitation:

### QUESTIONS AND ANSWERS:

Note: Spelling, grammar, and punctuation of the questions are shown exactly as submitted by the potential respondents.

No.	Question	Answer
1.	What is the difference between Bid Submittal item 11- Well rig with two technicians, and item 12- Drill rig with two technicians?	The inclusion of both well rig and drill rig are to give vendors the opportunity to specify if there are any pricing differences based on different set-ups or approaches to drilling a well.
2.	For subcontractor costs (sound panel installation, logging, motor work, etc.) can the Bid Submittal be updated to be a cost plus a markup percentage like parts and materials?	<p>Given the variability for which subcontractors can be used, it would not be practical to include them all in the pricing sheet.</p> <p>The purpose of the pricing sheet is to compare the most common production well service needs across vendor proposals. For production well work that requires additional subcontractor support, on a case-by-case basis, that subcontractor work can be reflected as separate line items in the invoice.</p> <p>Subcontractor costs <b>will not</b> be added to the Bid Price Schedule (BPS), but vendor will be able to invoice for those costs via the "Open Text Fields" in SRM. The City of Phoenix be able to review and approve these costs prior to the invoice is submitted in necessary.</p>

The balance of the specifications and instructions remain the same. Bidder must acknowledge receipt and acceptance of this addendum by signing below and returning the entire addendum with the bid or proposal submittal.
