### Chlorine Analyzers

This addendum incorporates the following changes into the subject solicitation:

I. This addendum answers the following questions, which the City of Phoenix received after the subject solicitation’s pre-proposal conference:

**1. Question:** Could you please advise if any of those are AMOT parts you require?

**Answer:** Please refer to Section 2. Instructions, paragraph 2.21 Contract Award, paragraph 2.3 Preparation of Offer and Section 5. Special Terms and Conditions, paragraph 5.23 Industry Standards.

**2. Question:** I looked at the bid sheet for chlorine analyzers and all of the De Nora 1870E parts have been discontinued (lines 36-136 on the bid sheet). The old 1870E analyzer was replaced by the MicroChem 870. I have attached a cutsheet on the 870. Please let me know how to bid on this analyzer instead of the discontinued 1870E

**Answer:** Please refer to Section 5. Special Terms and Conditions, Paragraph 5.31 Substitution of Specified Items and Attachment B- Bid Schedule.

All other terms and conditions remain unchanged.

**Offeror is required to sign and return addendum with their offer.**
