II. This addendum answers the following questions, which the City of Phoenix received (before, during or after) the subject solicitation’s pre-proposal conference:

1. **Question:** All of the equipment items for Phoenix Convention Center Department on the Exhibit B do not fit in any item no. on the Pricing Proposal. They are not cranes or hoists they are man lifts and are currently covered under contract #4701008600. The items that should be added for the convention centers are all of the Overhead hoists. They are missing from this equipment list.

Answer: Please refer to Section (I) of this addendum, item 2, “Exhibit B – City of Phoenix Equipment Inventory List” replacement as aerial, scissor, and articulating boom lifts have been removed.

2. **Question:** There is a conflict on 3.7 B.2 and 5.19. One says 90 days warranty and the other says 1 year warranty. Which one are you requiring?

Answer: Please refer to section 3.7, sub-section B.2 in the solicitation for 90-day warranty on all *service* and *parts* per service completion date and section 5.19 for 12-month warranty on all *replacement parts* past 90-day service completion date.

3. **Question:** Regarding 3.7 C.3. This states that all items shall have a final load test for each hoist and crane inspection. ASME/ANSI OSHA sates (states) load test should be done on new installs and if a load bearing component had been replace or altered excluding load chains and load ropes. This contract states there shall be a load test every annual inspection. This will cost a significant amount more, and this not necessary per ASME/ANSI OSHA. Please confirm your requirements.

Answer: Please refer to Section (I) of this addendum, Item 1 for Scope of Work revisions.

4. **Question:** Is there a general lift height on the cranes/hoist so we can Provide the equipment to reach?

Answer: Please refer to Section (I) of this addendum, item 2, “Exhibit B – City of Phoenix Equipment Inventory List” replacement for varies manufacturers and model at various building sites with different lifting heights.

	<p style="text-align: center;">SOLICITATION ADDENDUM Page 7 of 8</p>	<p style="text-align: center;">CITY OF PHOENIX Water Services Department 200 W. Washington Street 9th Floor Phoenix, AZ 85003</p>
	<p>Solicitation Number: IFB 2324-WPP-628 (SD) Addendum # 1 Addendum posted date: 5/2/2024 Solicitation Due Date: 05/9/2024, 2:00 p.m., Phoenix Local Time</p>	

5. **Question:** Can we get a separate line item for inspection and repair of aerial and lifting equipment? On the pricing proposal form

Answer: Please refer to Section (I) of this addendum, item 2, “Exhibit B – City of Phoenix Equipment Inventory List” replacement as aerial, scissor, and articulating boom lifts have been removed.

6. **Question:** Location Question FOR one location facility: 9st Ave WWTP, 5615 S. 91ST Ave. Is this in Glendale, AZ?

Answer: Please refer to Section (I) of this addendum, item 2, “Exhibit B – City of Phoenix Equipment Inventory List” replacement as location addresses have been updated.

7. **Question:** In order to quote Non destructive testing capacities of the hoist is required. Cave creek reclamation plant, Harrington (manual chain) model unknown, 91st avenue wwtp repair shop Unknown, Metro facilities and energy Hitachi Model igs1 s/n 3672226.

Answer: Please refer to Section (I) of this addendum, item 2, “Exhibit B – City of Phoenix Equipment Inventory List” replacement for most recent equipment information

8. **Question:** 1. Question I currently have is the requirement accessibility to do the inspections? Will a lift be required for every location or some locations to perform the work how can we define that on the bidding process to qualify?

Answer:. Please refer to § 3.5, Applicable Standards, A.5 – “Before starting work at a WSD Facility, the Contractor will attend Site-Specific Safety Training by WSD Field Safety Staff. This training is valid per location until contract expiration. The Contractor will be responsible to train new hires and subcontractors for the facility where they were trained. Training rosters and/or documentation shall be submitted to WSD Field Safety Staff.”
