QUESTIONS AND ANSWERS:

Q1.	Given the variable value of the contract, can you advise as to the required value to be used for the bonding statement? The individual JOA limit of \$4 million, the initial term amount of \$21 million, or the contract capacity of \$35 million?
A1.	Your bonding statement should show your firm can bond for the full contract capacity of \$35 million, since firms could be working on multiple JOAs at the same time.

All other terms and conditions remain unchanged.
