2.9. Business in Arizona

The City will not enter contracts with Offerors (or any company(ies)) not granted authority to transact business, or not in good standing, in the state of Arizona by the Arizona Corporation Commission, unless the Offeror asserts a statutory exception prior to entering a contract with the City.

RFQu responses should be concise, well-organized per the requested information, clearly written and limited to no more than 40 pages including resumes. The review process places considerable emphasis on the responsiveness of the RFQu response to the requirements outlined above. All RFQu responses will be evaluated based on the criteria listed above in the Qualifications Section of this RFQu.

The firms under consideration for this RFQu, will be evaluated by an evaluation committee. The City reserves the right to request supplemental information that the Evaluation Committee deems necessary to make a selection. The Committee may be supplemented by outside professionals or professionals from other City departments who can provide additional expertise.

Contract, to pay any costs incurred in the preparation of a submittal to this request or in subsequent negotiations, or to procure a contract for the project(s).

2.20. Solicitation Transparency Policy

Commencing on the date and time a solicitation is published, potential or actual Offerors or respondents (including their representatives) shall only discuss matters associated with the solicitation with the Mayor, any members of City Council, the City Manager, any Deputy City Manager, or any department director directly associated with the solicitation (including in each case their assigned staff, except for the designated Procurement Officer) at a public meeting, posted under Arizona Statutes, until the resulting contract(s) are awarded to all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or similar solicitation.

As long as the solicitation is not discussed, Offerors may continue to conduct business with the City and discuss business that is unrelated to the solicitation with the City staff. Offerors may not discuss the solicitation with any City employees or evaluation panel members.

Offerors may discuss their proposal or the solicitation with the Mayor or one or more members of the Phoenix City Council, provided such meetings are scheduled through the Procurement Officer, and are posted as open meetings with the City Clerk at least 24 hours prior to the scheduled meetings. The City Clerk will be responsible for posting the meetings. The posted notice shall identify the participants and the subject matter, as well as invite the public to participate.

With respect to the selection of the successful Offerors, the City Manager and/or City Manager's Office will continue the past practice of exerting no undue influence on the process. In all solicitations of bids and proposals, any direction on the selection from the City Manager and/or City Manager's Office and Department Head (or representative) to the proposal review panel or selecting authority must be provided in writing to all prospective Offerors.

This policy is intended to create a level playing field for all Offerors, assure that contracts are awarded in public, and protect the integrity of the selection process. OFFERORS THAT VIOLATE THIS POLICY SHALL BE DISQUALIFIED. After official Notice is received by the City for disqualification, the Offeror may follow the Protest process, unless the Solicitation is cancelled without notice of intent to re-issue.

"To discuss" means any contact by the Offeror, regardless of whether the City responds to the contact. Offerors that violate this policy will be disqualified until the resulting contract(s) are awarded, or all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or a similar solicitation. The City interprets the policy as continuing through a cancellation of a solicitation until Council award of the contract, as long as the City cancels with a statement that the City will rebid the solicitation.

2.21. Protest Process

Offeror may protest the contents of a solicitation no later than seven days before the solicitation deadline when the protest is based on an apparent alleged mistake, impropriety or defect in the solicitation. Protests filed regarding the solicitation may be addressed by an amendment to the solicitation or denied by the City. If denied, the opening and award will proceed unless the City

determines that it is in the City's best interests to set new deadlines, amend the solicitation, cancel or re-bid.

Therefore, unless otherwise notified by a formal amendment, the Protester must adhere to all solicitation dates and deadlines, including timely filing of an offer, regardless of filing a protest.

Offeror may protest an adverse determination issued by the City regarding responsibility and responsiveness, within seven days of the date the Offeror was notified of the adverse determination.

Offeror may protest an award recommendation if the Offeror can establish that it had a substantial chance of being awarded the contract and will be harmed by the recommended award. The City will post recommendations on the City's website to award the contract(s) to an Offeror(s). Offeror must submit award protests within seven days after the posting of the award recommendation, with exceptions only for good cause shown, within the City's full and final discretion.

All protests will be in writing, filed with the Procurement Officer identified in the solicitation and include the following:

- Identification of the solicitation number;
- The name, address and telephone number of the protester;
- A detailed statement describing the legal and factual grounds for the protest, including copies of relevant documents;
- The form of relief requested; and
- The signature of the protester or its authorized representative.

The Procurement Officer will render a written decision within a reasonable period after the protest is filed. The City will not request City Council authorization to award the contract until the protest process is complete. All protests and appeals must be submitted in accordance with the City's Procurement Code, (Phoenix City Code, Ch. 43) and any protests or appeals not submitted within the time requirements will not be considered. Protests must be filed with the Procurement Officer.

2.22. Public Record

All Offers submitted in response to this solicitation will become the property of the City and become a matter of public record available for review pursuant to Arizona State law. If an Offeror believes that a specific section of its Offer response is confidential, the Offeror will isolate the pages marked confidential in a specific and clearly labeled section of its Offer response. An Offeror may request specific information contained within its Offer is treated by the Procurement Officer as confidential provided the Offeror clearly labels the information "confidential." To the extent necessary for the evaluation process, information marked as "confidential" will not be treated as confidential. Once the procurement file becomes available for public inspection, the Procurement Officer will not make any information identified by the Offerors as "confidential" available to the public unless necessary to support the evaluation process or if specifically requested in accordance with applicable public records law. When a

public records request for such information is received, the Procurement Officer will notify the Offeror in writing of any request to view any portion of its Offer marked “confidential.” The Offeror will have the time set forth in the notice to obtain a court order enjoining such disclosure. If the Offeror does not provide the Procurement Officer with a court order enjoining release of the information during the designated time, the Procurement Officer will make the information requested available for inspection.

2.23. Late Offers

Late Offers must be rejected, except for good cause. If a late Offer is submitted, the Department will document the date and time of the submittal of the late Offer, keep the Offer and notify the Offeror that its Offer was disqualified for being a late Offer.

2.24. Right to Disqualify

The City reserves the right to disqualify any Offeror who fails to provide information or data requested or who provides materially inaccurate or misleading information or data. The City further reserves the right to disqualify any Offeror on the basis of any real or apparent conflict of interest that is disclosed by the Offer submitted or any other data or information available to the City. This disqualification is at the sole discretion of the City. By submission of a solicitation response, the Offeror waives any right to object now or at any future time, before any agency or body including, but not limited to, the City Council of the City or any court as to the exercise by the City of such right to disqualify or as to any disqualification by reason of real or apparent conflict of interest determined by the City. The City reserves the right to replace the disqualified Offeror.

2.25. Contract Award

The City reserves the right to award a contract by individual line items, by group, all or none, or any other combination most advantageous to the City. The City reserves the right to multiple award.

2.26. Determining Responsiveness and Responsibility

Offers will be reviewed for documentation of any required minimum qualifications, and completeness and compliance with the solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.

Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers will render an Offer nonresponsive.

Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the Offeror, late deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Offeror be a responsible Offeror. Responsibility includes the Offeror’s integrity, skill, capacity, experience, and facilities for conducting the work to be performed.

2.27. Evaluation of Competitive Sealed Offers

The City will use its discretion in applying the following processes to this solicitation. Any ties in scoring will be resolved with a best and final price request and the lowest price will prevail.

2.28. Detailed Evaluation of Offers and Determination of Competitive Range

During deliberations, the Evaluation Panel will reach a consensus score for each evaluation criterion except price. The Procurement Officer will score the price, which will be added to the overall consensus score. The overall consensus scores will determine the Offerors' rankings and which Offers are within the Competitive Range, when appropriate.

2.29. Offers Not Within the Competitive Range

The City may notify Offerors of Offers that the City determined are not in the Competitive Range.

2.30. Discussions with Offerors in the Competitive Range

The City will notify each Offeror whose Offer is in the Competitive Range or made the 'short list' and provide in writing any questions or requests for clarification to the Offeror. Each Offeror so notified may be interviewed by the City and asked to discuss answers to written or oral questions or provide clarifications to any facet of its Offer. The Offerors in the competitive range may be required to provide a demonstration of their product.

Demonstrations - Offerors in the competitive range may be invited to construct a hands-on sample or presentation of their solution at the City of Phoenix. In addition, each finalist may prepare and deliver a presentation of their proposed solution based on the script developed by the evaluation panel. The City may also require a hands-on lab demonstration designed specifically for the evaluation panel. The results of the surveys will be tabulated and delivered to the evaluation team for the final review and solution selection session(s).

If an Offer in the Competitive Range contains conditions, exceptions, reservations or understandings to or about any Contract or Solicitation Scope requirement, the City may discuss or negotiate the conditions, exceptions, reservations or understandings during these meetings. But the City in its sole discretion may reject any and all conditions, exceptions, reservations and understandings, and the City may instruct any Offeror to remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so, the City may determine the Offer is nonresponsive, and the City may revoke its determination that the Offer is in the Competitive Range.

To the fullest extent permitted by law, the City will not provide any information, financial or otherwise, to any Offeror about other Offers received in response to this solicitation. During discussions with Offerors in the Competitive Range, the City will not give Offerors specific prices or specific financial requirements that Offerors must meet to qualify for further consideration. The City may state that proposed prices are too high with respect to the marketplace or otherwise unacceptable. Offerors will not be told of their relative rankings before Contract award.

2.31. Best and Final Offers (BAFO)

A BAFO is an option available for negotiations. Each Offeror in the Competitive Range, which is determined in the City's sole discretion, may be afforded the opportunity to amend its Offer and make one BAFO.

If an Offeror's BAFO modifies its initial Offer, the modifications must be identified in the BAFO. The City will evaluate BAFOs based on the same requirements and criteria applicable to initial Offers. The City will adjust appropriately the initial scores for criteria that have been affected by offer modifications made by a BAFO. Based on the criteria defined in the solicitation as weighted, the City will then perform final scoring and prepare final rankings.

The Evaluation Panel will recommend the Offer that is the best value and most advantageous to the City based on the evaluation criteria.

The City reserves the right to make an award to an Offeror whose Offer is the highest rated, best value, and most advantageous to the City based on the evaluation criteria, without conducting written or oral discussions with any Offeror, without negotiations, and without soliciting BAFOs.

3. Scope of Work

3.1. Introduction

The City of Phoenix desires to establish a list of Contractors to perform debt collection services after internal efforts are exhausted. The eligibility list will be utilized by the City to select Contractors to receive initial and future account assignments. Placement on the eligibility list will be determined through this competitive process, but not all qualifying Contractors will receive referrals.

Multiple Contractors may be selected based on the City's needs, Contractor's debt collection specialty, and/or age of debt. Ongoing account referrals may continue based on percentage fee charged and performance on accounts referred.

3.2. Background

The Finance Department is responsible for the citywide collections efforts and is the primary contact for all collections activity at the City. The major types of debt are General Accounts Receivable, Fire Department- Emergency Transportation Services (ETS), Municipal Services (Water, Wastewater, and Refuse), sales (Transaction Privilege Tax - TPT) tax, Library books, Police False Alarms, and damage claims of City property. The various departments that charge for services utilize many different computer systems and processes. The financial system of record at the City is SAP (Systems, Applications, and Products) and most general City Accounts Receivable billings are maintained in SAP. The Water Department uses an Oracle based system, CC&B (Customer Care and Billing) for municipal services billings. The Fire Department uses ambulance medical billing software. Another Oracle based system, Tax Mantra, is used for sales (TPT) tax billing. The Planning and Development Department (PDD) uses a system called KIVA. This creates a diverse population of debt within the City and also requires separate tracking of the debt.

The Revenue Collections Division in the Finance Department houses an internal collections team that focuses on past due accounts. Their efforts include skip tracing, mail and phone correspondence, and placing liens. The City issues a Final Demand letter once all measures of collection have been exhausted, which gives the debtor ten (10) days to pay their past due debt or be referred to a collection agency or legal firm. The debtor is also informed that they will be responsible for the collection agency fees directly. The Fire Department- ETS accounts are handled differently and will be discussed separately.

The Revenue Collections Division also performs debt setoff activities – both internally and in cooperation with the Arizona Department of Revenue. The City Charter Chapter XVIII Section 14 authorizes that any payment earned with the City, by a person or company, will be offset by any outstanding debt owed to the City. The Division also utilizes the services of the Arizona Department of Revenue's Debt Setoff Program. This program is authorized by Arizona Revised Statute 42-1122.

The City's collections efforts are limited due to resources and available tools. The City desires to use external debt collection professionals that have a greater number of resources, extensive collections skills, and specialized tools for their use. By enhancing its collection rate through the

use of ongoing external collections programs, the City will continue to send a message that a financial obligation cannot be ignored. The City is committed to protecting taxpayers' dollars.

The different types of accounts are referred based on their age. General Accounts receivable will be referred at approximately 60-90 days, while the Fire Department -ETS debt will not be referred until month 13. Municipal Services accounts are referred on a daily basis after aging of 35 days.

Assignment of accounts to each new contractor will first be determined by the contracted percentage fee charged, while taking into consideration the type and age of debt being collected, and as deemed necessary by the City. Different types of debt may be assigned to Contractors independently.

Historically, the City has contracted with many qualified Contractors as deemed in the best interest of the City. As a Contractor proves beneficial, based on the recovery rate achieved, more accounts have been assigned to the Contractor. Underperforming contractors have had accounts taken back for reassignment to another Contractor. This methodology will be followed under this contract, as well. Not all eligible contractors will be assigned accounts.

All work processed under this contract must be performed directly by the Contractor, no subcontractors or third party companies are authorized.

The Planning and Development and Aviation Departments, as well as the Fire Department – ETS section, manage their own collections efforts. These departments are authorized to enter into agreement with the Contractor(s) directly.

3.3. Objective

The objective of this solicitation is to establish a Qualified Vendor List (QVL) to perform debt collection services for departments citywide on an as-needed basis. The Contractor(s) must be able to fully provide the services as defined in Section Three - Scope of Work. Contract award does not guarantee any number of assignments or any other measure of work.

3.4. General Contract Requirements

The collections Contractor shall

- A. Not begin services until there is a fully executed collection accounts contract order release. The duration of any collection accounts contract order release shall not exceed the term of contract, including any approved extensions.
 - 1. Once it is determined that collection services are needed, the finalized list of Contractors will be reviewed and a Contractor(s) from the list that best meets the needs will be contacted. The Contractor will be provided with their objectives, current number of accounts and dollars, etc.
- B. Not have authority to independently negotiate a settlement of a debt. In the event of a settlement offer, the Contractor will contact the corresponding Department Representative for authorization and approval.

- C. Perform all services as described herein unless the Contractor can explain in detail that the deviation would be of material benefit to the City. All work performed shall be conducted according to applicable provisions of any and all Federal or State laws pertaining to the collection industry.
- D. Assign and maintain highly trained and qualified collection employees, including staffing levels appropriate to the volume of accounts referred. The collection staff shall be assigned to specifically perform collection and skip-tracing duties to generate the recovery of monies due to the City.
- E. Be responsible for taking payments from the debtor and instruct all debtors where to make payments.
- F. Perform skip-tracing activities to locate debtors regardless of the balance of the account.
 - 1. The skip-tracing shall consist of verification and/or identification of address and/or telephone information through established reliable sources, including, but not limited to, the National Coles Directory, national and local directory assistance, National Credit Bureaus, and any source available to the Contractor.
- G. Obtain approval of the verbiage, format, and content for any and all correspondence and automated messaging sent to a debtor. The correspondence shall also be provided in Spanish.
- H. Obtain a copy of the death certificate upon discovering that that a debtor is deceased. The Contractor shall provide a copy of the death certificate to the City. The Contractor shall provide a copy of the death certificate to the City.
- I. In cases of Corporations or Limited Liability Companies, if the Contractor determines the debtor is dissolved, the Contractor shall obtain a copy of the Corporation Commission record reflecting said status and provide it to the corresponding Department Contract Representative.
- J. Stop performing collection procedures on accounts, if directed by the Department's Contract Representative, without the City or debtor incurring any charge.
 - 1. The Contractor agrees that in the event a City action occurs on a referred account, where the action negates collection activity, or where such action waives, reduces or suspends amounts due, that from the date of said action forward, no percentage fee will be applicable on said account.

- A. When a payment is collected from the debtor by the Contractor, the payment should be allocated to the City and the Contractor as shown in the following example: (For this

example, assume a \$100 account referred with 17% fee contracted rate):

Referred Amount	Percentage Fee 17%	Total Payment Due From Debtor	Due To City	Contractor Will Keep
\$ 100.00	\$ 17.00	\$ 117.00	\$ 100.00	\$ 17.00
Full Payment	Debtor Payment		Due To City	Contractor Will Keep
	\$ 117.00		\$ 100.00	\$ 17.00
Payment Plan or Partial Payment	Debtor Payment	Formula	Due To City	Contractor Will Keep
Installment #1	\$ 50.00	$\ast=50/(1.17)$	\$ 42.74	\$ 7.26
Installment #2	\$ 40.00	$\ast=40/(1.17)$	\$ 34.19	\$ 5.81
Installment #3	\$ 27.00	$\ast=27/(1.17)$	\$ 23.08	\$ 3.92
Total Payment	\$ 117.00		\$ 100.00	\$ 17.00

- B. In the case of a partial payment, the calculation will be the same as the Installment #1, shown above. In the above example, the City would get 85.47% of each partial payment and the Contractor would get 14.53% ($\$100/\$117=85.47\%$). The Contractor enters into payment plans or accepts partial payments from the debtor at their own risk. Upon remitting payment to the City, the percentage fee will be deducted by the Contractor.
- C. In the event that the debtor pays the City directly, full or partial payments, the City will notify the Contractor of the paid amount and the Contractor will be responsible for collecting the percentage fee owed from the debtor for the referred amount.

 2. The monthly invoice must include the amount collected for the City, as well as the detailed breakdown of the Contractor's percentage fee.

Payment Plan or Partial Payment	Debtor Payment	Formula	Due To City	Contractor Will Invoice
Installment #1	\$ 50.00	*=50 x 17%	\$ 50.00	\$ 8.50
Installment #2	\$ 40.00	*=40 x 17%	\$ 40.00	\$ 6.80
Installment #3	\$ 10.00	*=27 x 17%	\$ 10.00	\$ 1.70

Therefore, should such named individual(s) sever their relationship with Consultant, or otherwise be unavailable to carry out Consultant's duties under this Agreement for a period of time deemed to be excessive by the City in its sole and absolute discretion, then the City may, without notice, immediately terminate this Agreement for cause.

The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Force majeure will not include late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition. If either party is delayed at any time in the progress of the work by force majeure, the delayed party will notify the other party in writing of such delay, as soon as is practical, of the commencement thereof and will specify the causes of such delay in such notice. Such notice will be hand-delivered or mailed certified-return receipt and will make a specific reference to this provision, thereby invoking its provisions. The delayed party will cause such delay to cease as soon as practicable and will notify the other party in writing when it has done so. If, in the opinion of the City's authorized representative, performance becomes unsatisfactory, the City will notify the Contractor. The Contractor will have 30 days from that time to correct any specific instances of unsatisfactory performance, unless a different amount of time is specified in the agreement. In the event the unsatisfactory performance is not corrected within the time specified, the City will have the immediate right to complete the work to its satisfaction and will deduct the cost to cover from any balances due or to become due the Contractor. Repeated incidences of unsatisfactory performance may result in cancellation of the agreement for default.

Contractor will repair any damage caused to the satisfaction of the City at no cost to the City. Contractor will take care to avoid damage to adjacent finished materials that are to remain. Whenever one party to this contract in good faith has reason to question the other party's intent to perform, the former party may demand that the other party give a written assurance of this intent to perform. In the event that a demand is made and no written assurance is given within five days, the demanding party may treat this failure as an anticipatory repudiation of this contract.

- A. **Non-Exclusive Remedies:** The rights and remedies of the City under this Contract are non-exclusive.
- B. **Default in One Installment to Constitute Breach:** Each installment or lot of the agreement is dependent on every other installment or lot and a delivery of non-conforming goods or a default of any nature under one installment or lot will impair the value of the whole agreement and constitutes a total breach of the agreement as a whole.
- C. **On Time Delivery:** Because the City is providing services which involve health, safety and welfare of the general public, delivery time is of the essence. Delivery must be made in accordance with the delivery schedule promised by the Contractor.
- D. **Default:** In case of default by the Contractor, the City may, by written notice, cancel this contract and repurchase from another source and may recover the excess costs by (1) deduction from an unpaid balance due; (2) collection against the Solicitation and/or Performance Bond, or (3) a combination of the aforementioned remedies or other remedies as provided by law.

For breach or violation of this warranty, the City will have the right to annul the contract without liability or in its discretion to deduct from the contract price a consideration, or otherwise recover the full amount of such commission, brokerage or contingent fee.
- F. **Cost Justification:** In the event only one response is received, the City may require that the Contractor submit a cost proposal in sufficient detail for the City to perform a cost/price analysis to determine if the Offer price is fair and reasonable.

The City at its convenience, by written notice, may terminate this contract, in whole or in part. If this contract is terminated, the City will be liable only for payment under the payment provisions of this contract for services rendered and accepted material received by the City before the effective date of termination. Title to all materials, work-in-process and completed but undeliverable goods, will pass to the City after costs are claimed and allowed. - D. **Temporary Suspension.** The City may, by written notice, direct Consultant to suspend performance on all or any part of the Services for such period of time as may be determined by the City to be necessary or desirable for its convenience. If such suspension causes additional expense to Consultant in performance, and such additional expense is not due to fault or negligence of Consultant, the payment will be adjusted on the basis of actual costs resulting directly from the suspension, and the period for performance of the Services will be extended by mutual agreement. Any claim by Consultant for a price adjustment must be supported by appropriate documentation asserted promptly after Consultant has been notified to suspend performance.
- E. **Contract Cancellation:** All parties acknowledge that this contract is subject to cancellation by the City of Phoenix pursuant to the provision of Section 38-511, Arizona Revised Statutes.

this Agreement. Any use by the City of preliminary reports, raw data or other incomplete material returned by Contractor will be at the City's sole risk for such use.

- B. **TEMPORARY SUSPENSION:** The City may, by written notice, direct Contractor to suspend performance on all or any part of the Services for such period of time as may be determined by the City to be necessary or desirable for its convenience. If such suspension causes additional expense to Contractor in performance, and not due to fault or negligence of Contractor, the payment will be adjusted on the basis of actual costs resulting directly from the suspension, and the period for performance of the Services will be extended by mutual agreement. Any claim by Contractor for a price adjustment must be supported by appropriate documentation asserted promptly after Contractor has been notified to suspend performance.

6.19. Professional Competency

- A. **QUALIFICATIONS:** Contractor represents that it is familiar with the nature and extent of this Agreement, the Services, and any conditions that may affect its performance under this Agreement. Contractor further represents that it is fully experienced and properly qualified, is in compliance with all applicable license requirements, and is equipped, organized, and financed to perform such Services.
- B. **LEVEL OF CARE AND SKILL:** Services provided by Contractor will be performed in a manner consistent with that level of care and skill ordinarily exercised by members of Contractor's profession currently practicing in the same industry under similar conditions. Acceptance or approval by the City of Contractor's work will in no way relieve Contractor of liability to the City for damages suffered or incurred arising from the failure of Contractor to adhere to the aforesaid standard of professional competence.

6.20. Specific Performance

Contractor agrees that in the event of a breach by Contractor of any material provision of this Agreement, the City will, upon proper action instituted by it, be entitled to a decree of specific performance thereof according to the terms of this Agreement. In the event the City will elect to treat any such breach on the part of Contractor as a discharge of the Agreement, the City may nevertheless maintain an action to recover damages arising out of such breach. This paragraph is not intended as a limitation of such other remedies as may be available to the City under law or equity.

6.21. Documentation

- A. **DISSEMINATION AND RETENTION:** There will be no dissemination or publication of any information gathered, or documents prepared in the course of the performance of the Services without the prior written consent of the City. Should the City, upon advice of counsel, deem it necessary, due to existing or anticipated litigation, to assert a legal privilege of protection and non-disclosure with regard to the subject matter of this Agreement, then, and in that event, upon written demand, Contractor will relinquish to the possession and control of the City its entire file related to this Agreement and only

those portions of said file deemed by the City to be not privileged will be returned to Contractor pending the resolution of the existing or anticipated litigation.

- B. **FORMAT AND QUALITY:** All documents prepared by Contractor will be prepared in a format and at a quality approved by the City.
- C. **DOCUMENT REVIEW:** Contractor will review all documents provided by the City related to the performance of the Services and will promptly notify the City of any defects or deficiencies discovered in such review.

Consequently, the Contractor understands that disclosure of some or all of the items subject to this Agreement may be required by law.
- B. In the event City receives a request for disclosure that is reasonably calculated to incorporate information that might be considered confidential by Contractor, the City agrees to provide the Contractor with notice of that request, which shall be deemed given when deposited by the City with the USPS for regular delivery to the address of the Contractor specified in their proposal. Within ten days of City notice by the City, the Contractor will inform the City in writing of any objection by the Contractor to the disclosure of the requested information. Failure by the Contractor to object timely shall be deemed to waive any objection and any remedy against the City for disclosure.
- C. In the event the Contractor objects to disclosure within the time specified, the Contractor agrees to handle all aspects related to request, including properly communicating with the requestor and timely responding with information the disclosure of which the Contractor does not object thereto. Furthermore, the Contractor agrees to indemnify and hold harmless the City from any claims, actions, lawsuits, or any other controversy or remedy, in whatever form, that arises from the failure to comply with the request for information and the laws pertaining to public records, including defending the City in any legal action and payment of any penalties or judgments. This provision shall survive the termination of this Agreement.

6.23. Communication in English

It is mandatory that the Contractor's lead person assigned to any City facility can speak, read, and write in English to effectively communicate with City staff.

6.24. Contractor Assignments

The Contractor hereby agrees that any of its employees who may be assigned to a City site to satisfy obligations under this contract shall be used exclusively for that purpose during the hours when they are working in areas covered by this contract and shall perform no work at other City facilities. If other services, in addition to or separate from, the services specified herein, may be deemed necessary by the Chief Procurement Officer or his authorized representative, the Contractor may be requested to perform the additional or special service.

6.25. Transition of Contract

Contractor will, without limitation, provide important information to a successor Contractor and the City to ensure continuity of service at the required level of proficiency and agrees to provide to the City all files, supplies, data, records, and any other properties or materials of the City, which the City owns or has rights to pursuant to this contract and which are in the possession of Contractor. Contractor's background screening will comply with all applicable laws, rules and regulations. Contractor further agrees that the background screening is necessary to preserve and protect the public health, safety and welfare. The City requires a completed Contract Worker Badge/Key/Intrusion Detection Responsibilities Agreement for each Contract Worker who requires a badge or key.

6.28. Background Screening Risk Level

The City has established two levels of risk: Standard and Maximum risk. If the scope of work changes, the City may amend the level of risk, which could require the Contractor to incur additional contract costs to obtain background screens or badges.

6.29. Terms of This Section Applicable to all Contractor's Contracts and Subcontracts

Contractor will include Contract Worker background screening in all contracts and subcontracts for services furnished under this agreement.

6.30. Materiality of Background Screening Requirements; Indemnity

The background screening requirements are material to City's entry into this agreement and any breach of these provisions will be deemed a material breach of this contract. In addition to the indemnity provisions set forth in this agreement, Contractor will defend, indemnify and hold

harmless the City for all claims arising out of this background screening section including, but not limited to, the disqualifications of a Contract Worker by Contractor. The background screening requirements are the minimum requirements for the Agreement. The City in no way warrants that these minimum requirements are sufficient to protect Contractor from any liabilities that may arise out of the Contractor's services under this Agreement or Contractor's failure to comply with this section. Therefore, Contractor and its Contract Workers will take any reasonable, prudent and necessary measures to preserve and protect public health, safety and welfare when providing services under this Agreement.

6.31. Continuing Duty; Audit

Contractor's obligations and requirements will continue throughout the entire term of this Agreement. Contractor will maintain all records and documents related to all background screenings and the City reserves the right to audit Contractor's records.

6. By executing this agreement, Contractor certifies and warrants that Contractor has read the background screening requirements and criteria in this section, and that all background screening information furnished to the City is accurate and current. Also, by executing this agreement, Contractor further certifies and warrants that Contractor has satisfied all background screening requirements for the standard risk background screening, and verified legal worker status, as required.

6.34. Confidentiality

"Confidential Information" means all non-public, confidential, sensitive, or proprietary information disclosed or made available by City to Contractor or its affiliates, employees, contractors, partners, or agents (collectively "Recipient"), whether disclosed before or after the Effective Date, whether disclosed orally, in writing, or via permitted electronic access, and whether or not marked, designated, or otherwise identified as confidential. Confidential Information includes, but is not limited to: user contents, electronic data, meta data, employment data, network configurations, information security practices, business operations, strategic plans, financial accounts, personally identifiable information, protected health information, protected criminal justice information, and any other information that by the nature and circumstance of the disclosure should be deemed confidential. Confidential Information does not include this document or information that: (a) is now or subsequently becomes generally available to the public through no wrongful act or omission of Recipient; (b) Recipient can demonstrate by its written records to lawfully have had in its possession prior to receiving such information from the City; (c) Recipient can demonstrate by its written records to have been independently developed by Recipient without direct or indirect use of any Confidential Information; (d) Recipient lawfully obtains from a third party who has the right to transfer or disclose it; or (e) the City has approved in writing for disclosure.

Recipient shall: (a) protect and safeguard Confidential Information with at least the same degree of care as Recipient would protect its own Confidential Information, but in no event with less than a commercially reasonable degree of care, such as ensuring data is encrypted in transit

and at rest and maintaining appropriate technical and organizational measures in performing the Services under the Agreement; (b) not use Confidential Information, or permit it to be accessed or used, for any purpose other than in accordance with the Agreement; (c) not use Confidential Information, or permit it to be accessed or used, in any manner that would constitute a violation of law, including without limitation export control and data privacy laws; and (d) not disclose Confidential Information except to the minimum number of recipients who have a need to know and who have been informed of and agree to abide by confidentiality obligations that are no less restrictive than the terms of this Agreement. If Recipient is required by law or court order to disclose any Confidential Information, Recipient will first give written notice to the City and provide the City with a meaningful opportunity to seek a protective order or limit disclosure.

Upon the City's written request or expiration of this Agreement, whichever is earlier, Recipient shall, at no additional costs to the City, promptly return or destroy all Confidential Information belonging to the City that Recipient has in its possession or control. After return or destruction of the Confidential Information, Recipient shall certify in writing as to its compliance with this paragraph.

If applicable, Contractor agrees to comply with all City information technology policies and security standards, as may be updated from time to time, when accessing City networks and computerized systems whether onsite or remotely.

In addition to, and not in lieu of, all other rights and remedies available to the City, Contractor will defend, indemnify, and hold the City harmless against all losses, claims, costs, attorneys' fees, damages or proceedings arising out of Contractor's breach of this Section (Confidentiality). Contractor's obligations pursuant to this Section (Confidentiality) shall not be subject to any limits of liability or exclusions as may be stated elsewhere in the Agreement.

A violation of this Section shall be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may at the City's discretion result in immediate termination of this Agreement without notice. The obligations of Contractor under this Section shall survive the termination of this Agreement.

6.35. Data Protection

The parties agree this Section shall apply to the City's Confidential Information and all categories of legally protected personally identifiable information (collectively "PII") that Contractor processes pursuant to the Agreement. "Personally identifiable information" is defined as in the Federal Privacy Council's Glossary available at: <https://www.fpc.gov/resources/glossary/>.

As between the parties, the City is the data controller and owner of PII and Contractor is a data processor. In this Section, the term "process," "processing," or its other variants shall mean: an operation or set of operations which is performed on PII, whether or not by automated means, including without limitation: collection, recording, copying, analyzing, caching, organizing, structuring, storage, adaptation, alteration, retrieval, transmission, dissemination, alignment, combination, restriction, erasure, or destruction.

- A. When Contractor processes PII pursuant to the Agreement, Contractor shall, at no additional cost to the City:

1. process PII only within the United States and only in accordance with the Agreement and not for Contractor's own purposes, including product research, product development, marketing, or commercial data mining, even if the City's data has been aggregated, anonymized, or pseudonymized;
2. implement and maintain appropriate technical and organizational measures to protect PII against unauthorized or unlawful processing and against accidental loss, destruction, damage, theft, alteration or disclosure, including at a minimum, and as applicable, those measures specified by the National Institute of Standards and Technology (NIST) SP800-53; A.R.S. § 18-552 (Notification of Security System Breaches); A.R.S. § 44-7601 (Discard and Disposal of Personal Identifying Information Records); Health Information Technology for Economic and Clinical Health (HITECH) Act; Payment Card Industry Data Security Standards; and good industry practice; (When considering what measures are appropriate and in line with good industry practice, Contractor shall keep abreast of current regulatory trends in data security and the state of technological development to ensure a level of security appropriate to the nature of the data to be protected and the harm that might result from such unauthorized or unlawful processing or accidental loss, destruction, damage, theft, alteration or disclosure. At minimum, Contractor will timely remediate any vulnerabilities found within its network that are rated medium or more critical by the Common Vulnerability Scoring System (CVSS); however, Contractor must remediate vulnerabilities that are rated critical within 14 days and vulnerabilities that are rated high within 30 days. If requested by the City, Contractor shall promptly provide a written description of the technical and organizational methods it employs for processing PII.)
3. not subcontract any processing of PII to any third party (including affiliates, group companies or sub-contractors) without the prior written consent of the City; and Contractor shall remain fully liable to the City for any processing of PII conducted by a sub-processor appointed by Contractor;
4. as applicable, implement and maintain appropriate policies and procedures to manage payment card service providers with whom Contractor shares sensitive financial information or cardholder data; and provide the City with a Qualified Security Assessor Attestation of Compliance for Payment Card Industry Data Security Standards on an annual basis, but no later than within 30 days of attestation report completion;
5. take reasonable steps to ensure the competence and reliability of Contractor's personnel or sub-processor who have access to the PII, including verifications and background checks appropriate to the security level required for such data access;
6. maintain written records of all information reasonably necessary to demonstrate Contractor's compliance with this Agreement and applicable laws;

7. allow the City or its authorized agents to conduct audit inspection during the term of the Agreement, but no more than once per year, which may include providing access to the premises, documents, resources, personnel Contractor or Contractor's sub-contractors use in connection with the Services; provided however, the City may at its sole discretion accept a qualified and industry recognized independent third-party assessment report or certification (such as SSAE 18 SOC 2 or ISO/IEC 27001) provided by Contractor at no cost to the City in lieu of the audit inspection rights of this Section;
- B. If the Contractor becomes aware of any actual or potential data breach (each an "Incident") arising from Contractor's processing obligations pursuant to the Agreement, Contractor shall notify the City at SOC@phoenix.gov without undue delay within 48 hours; and:
1. provide the City with a detailed description of the Incident, the type of data that was the subject of the Incident, and the identity of each affected person as soon as such information can be collected or otherwise becomes available;
 2. take action immediately, at Contractor's own expense, to investigate the Incident and to identify, prevent, and mitigate the effects of the Incident and to carry out any recovery or other action necessary to remedy the Incident;
 3. cooperate with the City in investigating the occurrence, including making available all relevant records, logs, files, data reporting, and other materials required to comply with applicable laws or as otherwise required by the City; and
 4. not directly contact any individuals who may be impacted by the Incident or release or publish any filing, communication, notice, press release, or report concerning the Incident without the City's prior written approval (except where required to do so by applicable laws).

In addition to, and not in lieu of, all other rights and remedies available to the City, Contractor will defend, indemnify, and hold the City harmless against all losses, claims, costs, attorneys' fees, damages or proceedings arising out of Contractor's breach of this Section (Data Protection). Contractor's obligations pursuant to this Section (Data Protection) shall not be subject to any limits of liability or exclusions as may be stated elsewhere in the Agreement.

A violation of this Section shall be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may at the City's discretion result in immediate termination of this Agreement without notice. The obligations of Contractor under this Section shall survive the termination of this Agreement.

6.36. Security Inquiries

Contractor acknowledges that all of the employees that it provides pursuant to this Contract shall, at Contractor's expense, be subject to background and security checks and screening at the request of the City. Contractor shall perform all such security inquiries and shall make the results available to the City for all employees considered for performing work (including

supervision and oversight) under this Contract. City may make further security inquiries. Whether or not further security inquiries are made by the City, City may, at its sole, absolute and unfettered discretion, accept or reject any or all of the employees proposed by the Contractor for performing work under this Contract. Employees rejected by the City for performing services under this Contract may still be engaged by Contractor for other work not involving the City. An employee rejected for work under this Contract shall not be proposed to perform work under other City contracts or engagements without the City's prior approval.

The City, in its sole discretion, reserves the right, but not the obligation to:

- require an employee/prospective employee of the Contractor to provide fingerprints and execute such other documentation as may be necessary to obtain criminal justice information pursuant to A.R.S. 41-1750 (G) (4);
- act on newly acquired information whether or not such information should have been previously discovered;
- unilaterally change its standards and criteria relative to the acceptability of Contractor's employees and/or prospective employees; and
- object, at any time and for any reason, to an employee of Contractor performing work (including supervision and oversight) under this Agreement. Contractor will bear the costs of all inquiries requested by the City.

The City shall have the exclusive right to apply for or register any copyrights and other proprietary protections with respect to the Work Product. The Contractor shall execute such documents, render such assistance, and take such other action as the City may reasonably request, at the City's reasonable expense, to apply for, register, perfect, confirm, and protect the City's foregoing ownership interests and copyright and other proprietary protections. To the extent that the foregoing transfer does not provide the City with full ownership, right, title, and interest in and to the Work Product, the Contractor hereby grants the City a perpetual, irrevocable, fully paid, royalty-free, worldwide license to reproduce, create derivative works from, distribute, publicly display, publicly perform, and use the Work Product, with the right to transfer and/or sublicense each and every such right.
