5.	Please share how many moves were done in this last contract period. I am trying to gauge how big of a contract this is. I believe it was mentioned at the Pre-Offer Conference, and we can expect it to be several moves a week; sometimes 2 in a day, but I'd like to confirm.	There were approximately 183 residential moves in the last two years. The frequency varies due to various factors such as the reason for the move and is not a constant number.
