4. PREPARATION OF OFFER:

- 4.1 All forms provided in the Submittal Section and Appendices must be completed and submitted with the offer. The signed and completed Solicitation Disclosure form must be included or your offer may be deemed non-responsive.
- 4.2 It is permissible to copy Submittal forms if necessary. Erasures, interlineations, or other modifications of the offer must be initialized in original ink by the authorized person signing the offer. No offer will be altered, amended, or withdrawn after the specified offer due date and time. The City is not responsible for the Proposer's errors or omissions.
- 4.3 All time periods stated as number of days will be calendar days
- 4.4 It is the responsibility of all Proposers to examine the entire solicitation and seek clarification of any requirement that may not be clear, and to check all responses for accuracy before submitting an offer. Negligence in preparing an offer confers no right of withdrawal after the due date and time. Proposers are strongly encouraged to:
 - Consider applicable laws and/or economic conditions that may affect cost, progress, performance, or furnishing of the products or services.
 - Consider applicable laws and/or economic conditions that may affect cost, progress, performance, or furnishing of the products or services.
 - Study and carefully correlate Proposer's knowledge and observations with the solicitation and other related data.
 - Promptly notify the City of all conflicts, errors, ambiguities, or discrepancies the Proposer has discovered in or between the solicitation and other related documents.

SECTION I – INSTRUCTIONS

solicitation. All materials and documents submitted in response to this solicitation become the property of the City and will not be returned.

- Proposers are reminded that the specifications stated in the solicitation are the minimum level required and that offers submitted must be for products or services that meet or exceed the minimum level of all features specifically listed in this solicitation. Offers offering less than any minimum specifications or criteria specified are not responsive and should not be submitted.

5. EXCEPTIONS:

Proposers must conform to all the requirements specified in the solicitation. The City encourages Proposers to send inquiries to the procurement officer rather than including exceptions in their offer.

- 5.1 If a Proposer has exceptions based on the scope then the Proposer must include a list of exceptions to the requirements of the solicitation and attach documents, if any, stated on a separate page labeled “Exceptions Statement.” The Proposer must identify the reason for the requested change, provide alternate language, and an explanation.
- 5.2 It is the intent of the City to award a contract on a fair, competitive basis. For this reason, the City may view any “Exception” in response to any material conditions or requirement of the solicitation, as an attempt by the Proposer to vary the terms of the solicitation which, in fact, may result in giving the Proposer an unfair advantage. For this reason, the City will, at its option, not allow exceptions to any material requirement if, in the opinion of the City, the exceptions alter the overall intent of the solicitation, unless the exception would be of material benefit to the City. Additionally, the City may, at its option, deem any submittal non-responsive based on exceptions by the Proposer.

6. INQUIRIES

All questions that arise relating to this solicitation should be directed via email to the Procurement Officer and must be received by the due date indicated in the Schedule of Events. The City will not consider questions received after the deadline. No informal contact initiated by Proposers on the proposed service will be allowed with members of City’s staff from date of distribution of this solicitation until after the closing date and time for the submission of offers. All questions concerning or issues related to this solicitation must be presented in writing. The Procurement Officer will answer written inquiries in an addendum and publish any addendums on the Procurement Website.

7. ADDENDA

The City of Phoenix will not be responsible for any oral instructions made by any employees or officers of the City of Phoenix in regard to the offering instructions, plans, drawings, specifications, or contract documents. The Proposer must acknowledge receipt of any/all addenda by signing and returning the document with the offer

SECTION I – INSTRUCTIONS

submittal. It is the Proposer’s responsibility to be aware of all addenda posted on the solicitation website. Failure to sign and return with proposal may cause the proposal to be deemed as non-responsive and submitted proposal may not be evaluated.

9. LICENSES

At any time prior to the solicitation due date and time, a Proposer (or designated representative) may withdraw the offer by submitting a request in writing and signed by a duly authorized representative.

13. OFFER RESULTS

Offers and other information received in response to the solicitation will be shown only to authorized City personnel having a legitimate interest in them or persons assisting the City in the evaluation. Offers are not available for public inspection until after the City has posted the award recommendation on the City's website.

The City will post a preliminary offer tabulation on the City's website, <https://www.phoenix.gov/solicitations>, within five calendar days of the offer opening. The City makes no guarantee as to the accuracy of any information on the preliminary tabulation. Once the City has evaluated the offers, the City will post an award recommendation on the website. The City will not provide any further notification to unsuccessful Proposers.

14. AWARD OF CONTRACT

Unless otherwise indicated, award(s) will be made to the highest scored responsive, responsible Proposer(s) who are regularly established in the service contained in this solicitation and who have demonstrated the ability to perform the required service in an acceptable manner.

Notwithstanding any other provision of this solicitation, the City reserves the right to:

- 1) waive any immaterial defect or informality; or
- 2) reject any or all offers or portions thereof; or
- 3) reissue a solicitation.

A response to a solicitation is an offer to contract with the City based upon the terms, conditions, and specifications contained in the City's solicitation. Offers do not become contracts. The HD will follow the Affordable Housing Loan Program and Underwriting Guideline standards to ensure prudent underwriting and to achieve compliance with applicable Federal, State, and City laws, ordinances, regulations and policy objectives. In preparation for loan funding a Loan Agreement, Deed of Trust, Promissory Note, UCC Financing Statement and Declaration of Affirmative Land Use Restrictive Covenants, etc. will be executed on each project to ensure compliance with all contract provisions. Until these are executed by all parties, loan funding is contingent.

15. SOLICITATION TRANSPARENCY POLICY

- 15.1 Commencing on the date and time a solicitation is published, potential or actual Proposers or respondents (including their representatives) shall only discuss matters associated with the solicitation with the Mayor, any members of City Council, the City Manager, any Deputy City Manager, or any department director directly associated with the solicitation (including in each

SECTION I – INSTRUCTIONS

- case their assigned staff, except for the designated procurement officer) at a public meeting, posted under Arizona Statutes, until the resulting contract(s) are awarded to all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or similar solicitation. As long as the solicitation is not discussed, Proposers may continue to conduct business with the City and discuss business that is unrelated to the solicitation with the City staff who is not involved in the selection process.
- 15.2 Proposers may discuss their proposal or the solicitation with the Mayor or one or more members of the Phoenix City Council, provided such meetings are scheduled through the Procurement Officer, and are posted as open meetings with the City Clerk at least 24 hours prior to the scheduled meetings. The City Clerk will be responsible for posting the meetings. The posted notice shall identify the participants and the subject matter, as well as invite the public to participate.
- 15.3 With respect to the selection of the successful Proposers, the City Manager and/or City Manager's Office will continue the past practice of exerting no undue influence on the process. In all solicitations of bids and proposals, any direction on the selection from the City Manager and/or City Manager's Office and Department Head (or representative) to the proposal review panel or selecting authority must be provided in writing to all prospective Proposers.
- 15.4 This policy is intended to create a level playing field for all Proposers, assure that contracts are awarded in public, and protect the integrity of the selection process. **PROPOSERS THAT VIOLATE THIS POLICY SHALL BE DISQUALIFIED.** After official Notice is received by the City for disqualification, the Proposer may follow the Protest process, unless the Solicitation is cancelled without notice of intent to re-issue.
- 15.5 "To discuss" means any contact by the proposer, regardless of whether the City responds to the contact. Proposers that violate this policy shall be disqualified until the resulting contract(s) are awarded, or all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or a similar solicitation. The City interprets the policy as continuing through a cancellation of a solicitation until Council award of the contract, as long as the City cancels with a statement that the City will rebid the solicitation.
- 16. PROTEST PROCESS**
- 16.1 Proposer may protest the contents of a solicitation no later than seven days before the solicitation deadline when the protest is based on an apparent alleged mistake, impropriety or defect in the solicitation. Protests filed regarding the solicitation may be addressed by an amendment to the solicitation or denied by the City. If denied, the opening and award will

SECTION I – INSTRUCTIONS

proceed unless the City determines that it is in the City’s best interests to set new deadlines, amend the solicitation, cancel or re-bid.

- 16.2 Therefore, unless otherwise notified by a formal amendment, the Protester must adhere to all solicitation dates and deadlines, including timely filing of an offer, regardless of filing a protest.
- 16.3 Proposer may protest an adverse determination issued by the City regarding responsibility and responsiveness, within seven days of the date the Proposer was notified of the adverse determination.
- 16.4 Proposer may protest an award recommendation if the Proposer can establish that it had a substantial chance of being awarded the contract and will be harmed by the recommended award. The City will post recommendations to award the contract(s) to a particular Proposer on the City’s website. Proposer must submit award protests within seven days after the posting of the award recommendation, with exceptions only for good cause shown, within the City’s full and final discretion.
- 16.5 All protests will be in writing, filed with the Procurement Officer identified in the solicitation and include the following:
 - Identification of the solicitation number;
 - The name, address and telephone number of the protester;
 - A detailed statement describing the legal and factual grounds for the protest, including copies of relevant documents;
 - The form of relief requested; and
 - The signature of the protester or its authorized representative.
- 16.6 The Procurement Officer will render a written decision within a reasonable period of time after the protest is filed. The City will not request City Council authorization to award the contract until the protest process is complete. All protests and appeals must be submitted in accordance with the City’s Procurement Code, (Phoenix City Code, Ch. 43), and Administrative Regulation 3.10 and any protests or appeals not submitted within the time requirements will not be considered. Protests must be filed with the Procurement Officer.

17. PUBLIC RECORD

All Offers submitted in response to this solicitation will become the property of the City and become a matter of public record available for review pursuant to Arizona State law. If a Proposer believes that a specific section of its Offer response is confidential, the Proposer will isolate the pages marked confidential in a specific and clearly labeled section of its Offer response. A Proposer may request specific information contained within its Offer is treated by the Procurement Officer as confidential provided the Proposer clearly labels the information “confidential.” To the extent necessary for the evaluation process, information marked as “confidential” will not be treated as confidential. Once the procurement file becomes available for public inspection, the Procurement Officer will not make any information identified by the Proposers as “confidential” available to the public unless necessary to support the evaluation process

SECTION I – INSTRUCTIONS

or if specifically requested in accordance with applicable public records law. When a public records request for such information is received, the Procurement Officer will notify the Proposer in writing of any request to view any portion of its Offer marked “confidential.” The Proposer will have the time set forth in the notice to obtain a court order enjoining such disclosure. If the Proposer does not provide the Procurement Officer with a court order enjoining release of the information during the designated time, the Procurement Officer will make the information requested available for inspection.

18. LATE OFFERS

Late Offers must be rejected, except for good cause. If a late Offer is submitted, the Department will document the date and time of the submittal of the late Offer, keep the Offer and notify the Proposer that its Offer was disqualified for being a late Offer.

19. RIGHT TO DISQUALIFY

The City reserves the right to disqualify any Proposer who fails to provide information or data requested or who provides materially inaccurate or misleading information or data. The City further reserves the right to disqualify any Proposer on the basis of any real or apparent conflict of interest that is disclosed by the Proposer submitted or any other data or information available to the City. This disqualification is at the sole discretion of the City. By submission of a solicitation response, the Proposer waives any right to object now or at any future time, before any agency or body including, but not limited to, the City Council of the City or any court as to the exercise by the City of such right to disqualify or as to any disqualification by reason of real or apparent conflict of interest determined by the City. The City reserves the right to replace the disqualified Proposer.

20. DETERMINING RESPONSIVENESS AND RESPONSIBILITY

- 20.1 Offers will be reviewed for documentation of minimum qualifications, completeness, and compliance with the Solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.
- 20.2 Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers (as the case may be) will render an Offer nonresponsive.
- 20.3 Exceptions, conditions, reservations, or understandings are presumed to be unacceptable, and an Offer that includes unacceptable exceptions, conditions, reservations, or understandings may be rejected as nonresponsive. Alternatively, the City in its sole discretion may instruct in writing that any Proposer remove the conditions, exceptions, reservations or understandings. If the Proposer fails to do so in writing, the City may determine the Offer to be nonresponsive.
- 20.4 Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the contractor, late

SECTION I – INSTRUCTIONS

deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Proposer be a responsible contractor. Responsibility includes the Proposer's integrity, skill, capacity, experience, and facilities for conducting the work to be performed.

- 20.5 The Procurement Officer will review each Offer to determine if the Proposer is responsible. The City's determination as to whether a Proposer is responsible will be based on the information furnished by the Proposer, interviews (if any), any information at the City's request, information in any best and final offer, and information received from Proposer's references, including information about Proposer's past history, terminations for convenience or cause, contract breach lawsuits or notices of claim and any other sources the City deems appropriate. Award of the Contract resulting from the Solicitation will not be made until any necessary investigation, which each Proposer agrees to permit by submitting its Offer, is made by the City as it deems necessary. A review of responsibility may occur up to contract award.
- 20.6 The Proposer's unreasonable failure to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such Proposer.

21. CONTRACT AWARD

The City reserves the right to multiple awards

II. SCOPE OF WORK

1. OVERVIEW OF REQUEST FOR PROPOSALS

In releasing this Call for Interest (CFI), the City of Phoenix Housing Department (HD) intends to facilitate acquisition with rehabilitation and/or new construction, construction and/or rehabilitation of affordable rental housing by providing financing at very low interest rates. On November 16, 2022, the Phoenix City Council approved housing for homeless populations, special needs populations and/or projects submitted by eligible Community Housing Development Organizations (CHDOs) as priorities for housing resources.

By issuing this CFI, it is the City’s intent to identify those projects which significantly address these City Council approved priorities which can be “preliminarily qualified” and supported by HD and which can be fully underwritten for recommendation of funding to the Phoenix City Council. Before projects are recommended to City Council, all information requested in the Affordable Housing Loan Application must be provided.

HUD expects its loans to be leveraged with other resources that may include private equity, loans from lending institutions, and/or funds from Federal, State or local programs such as Low Income Housing Tax Credits (LIHTCs), Tax-Exempt Multifamily Housing Revenue Bonds, Supportive Housing Program, Federal Home Loan Bank Affordable Housing Program and/or the Arizona Housing Trust Fund. Qualified non-profit and for-profit developers who can demonstrate their ability to construct, acquire, rehabilitate and operate affordable housing developments for homeless, and/or special needs populations, and/or CHDOs are encouraged to respond to this CFI.

HUD provides financing for a range of housing programs utilizing funds from different federal and other sources. This CFI is seeking projects that can be supported by HOME Investment Partnerships Program (HOME) funds and/or other funding the City has available for affordable housing development.

2. HOUSING DEPARTMENT OVERVIEW

The City, through its HD, provides quality affordable housing and a pathway to self-sufficiency. HD programs provide public housing, Section 8 housing vouchers, affordable rental apartments and single-family homes to more than 35,000 area residents. This includes partnering with non-profit and for-profit community organizations on the preservation and development of affordable housing units.

3. HOME PROGRAM

The HOME program was created by the Cranston-Gonzalez National Affordable Housing Act of 1990. A goal of the HOME program is to provide funds to expand the

SECTION II – SCOPE OF WORK

supply of affordable housing for very low-income and low-income persons as defined under 24CFR part 92.

HD funds may only be used for construction expenses.

4. PROJECT TYPE

Applications to this CFI can be for acquisition with rehabilitation or new construction, rehabilitation and/or new construction for:

- Affordable rental housing that reserves units for homeless populations and/or special needs populations for the entire period of affordability designated by the Affordable Housing Loan Program and Underwriting Guidelines;
- Affordable rental housing submitted by an eligible CHDO;
- Supportive transitional housing to enable homeless clients to move upward in the continuum of housing toward self-sufficiency;
- Supportive permanent or transitional housing for homeless veterans;
- Supportive permanent or transitional housing for homeless youth, ages 18-24;
- Special Needs Housing with supportive services for populations such as victims of domestic violence, victims of human trafficking, persons recovering from substance abuse, persons living with HIV/AIDS, veterans, disabled persons and households at or below 40% of the Area Median Income;
- Other affordable housing projects may be considered based on funding availability, and after applications addressing the Council approved properties are considered.

All Projects must provide supportive services to the target population/type being served, including for the 40% AMI population.

5. WHO MAY APPLY

The City invites applications from non-profit developers or for-profit developers who can demonstrate experience in providing quality, supportive housing for homeless or special needs populations, as well as eligible CHDOs who can demonstrate experience in providing affordable housing.

6. CONDITIONS

HD reserves the right to negotiate and award funding to multiple applicants and request additional information from applicants. HD reserves the right to adjust awards subject to financial underwriting. If applicant is awarded, HD will re-evaluate the award in response to any updated financial information to ensure the proposed project is still viable. By the act of submitting an application, applicants acknowledge and agree to the terms and conditions set forth in this Call for Interest, the Affordable Housing Loan Program and Underwriting Guidelines at <https://www.phoenix.gov/housing/building-affordable-housing> and to the accuracy of the information they submit in their response to this CFI. HD

SECTION II – SCOPE OF WORK

reserves the right to reject any and all applications, waive any nonmaterial irregularities in the application requirements, or cancel this CFI at any time. All application packages become the property of HD and, as such, are subject to the Arizona public records law and become public records.

7. LIMITED FUNDING AVAILABILITY

In issuing this CFI, HD is requesting applications that describe projects ready to begin construction at the time of application or which will be ready to begin construction in 2025 or early 2026. The City will apply HOME funds after all other construction financing has been exhausted. Applicants may request up to \$2,000,000 per application. The table below describes approximate available funds estimated from prior years and a forward allocation of 2025 (assuming level funding). The City may utilize other funding sources such as HOME-ARP if they become available. Only one application per developer is allowed.

Estimated Funding	
HOME	\$8,000,000
HOME (CHDO only)	\$883,814

CHDO funds are reserved and available for specific housing activities to be undertaken by a special type of nonprofit called a Community Housing Development Organization (CHDO). A CHDO is a private nonprofit, community-based service organization that meets certain HUD requirements and has obtained or intends to obtain staff with the capacity to develop affordable housing for the community it serves. Nonprofit organizations applying as a CHDO will be required to provide additional materials at the time of application so that HD may certify them as a CHDO. Contact Melanie Bynoe-Torzala, at hou.procurement@phoenix.gov or (602) 262-4927 to request CHDO certification documents.

Should additional funding become available, the HD may issue a new CFI and/or award additional projects from this CFI. Priorities may be modified at that time.

HOME Investment Partnerships Program Match Verification Form

General Requirements

HOME Federal Final Rule 24 CFR Part 92 requires HOME Contractors to provide a 25% match on each HOME dollar the contractor receives except for administrative funds.

Match contributions must be from nonfederal sources and must be permanent.

Eligible Forms of HOME Match

Eligible forms of match are identified in 24 CFR 92.220 and listed below.

1. Cash Contributions/Cash Equivalents

Cash contributions may be provided in the form of grants, deferred-payment loans, or amortizing loans to a HOME project or program beneficiary.

Documentation: Must have an award letter or other applicable agreement demonstrating the contribution.

Sources for cash match include: state or local General Fund revenues, housing trust funds, foundation grants, and private donations. A cash donation made to a non-profit (or for-profit) organization specifically for use for a HOME-assisted project or program can be counted as match.

2. Foregone Taxes

What Counts as Match:

Property Tax Waivers:

For taxes based on the value of property, the match contribution for a one-year waiver is based on the value of the tax waived that year. For multi-year waivers, the value of the match is the present discounted cash value, based on the rate

equal to the rate for the Treasury security that has a maturity date closest to the number of years for which the taxes, fees, or charges are waived, foregone, or deferred.

In other words, the property tax exemption would be calculated with several reasonable assumptions, such as vacancy rate and the period of affordability of the project, as well as the T-bill rate equivalent to the applicable period of affordability.

Note: the value of the waiver can only be calculated for the period of affordability required by the federal regulations, even if the units will be affordable for a longer period of time. Only that portion of the property tax exemption attributable to the HOME-assisted and HOME Match Eligible units may count as match.

For example, in a 81 unit apartment complex, with 5 HOME-assisted units and 5 HOME Match Eligible units, only the proportion of HOME and HOME Match Eligible units (10/81) multiplied times the present discounted cash value of the waived taxes and adjusted by the vacancy factor (5%) may count as match.

EXAMPLE: Refer to Match Spreadsheet tab for Present Value of Annual Taxes

A local jurisdiction decides to forgive property taxes for a Low-income housing project. The property's full market value may be used as its taxable basis not necessarily the total development cost. The forgiven amount of current property tax is 1% of assessed value. The Initial Assessed Property Value will remain the same (e.g., no capital improvements) and the property tax rate will increase by 2% per year of assessed value. The T-Bill rate equal to the period of claiming the property tax credits is 4.4% adjusted by the vacancy factor of 5%. The rental project has 10 HOME units out of 81 units.

Assessed Property Value:	\$3,079,154
20-year T-note rate:	4.4%; assume annual compounding
Years 1 thru 20 PV of Taxes Foregone:	\$478,504
Adjusted by the 5% Vacancy Factor	(\$2,954)
<u>HOME-assisted & HOME Match Eligible:</u> unit percentage (10/81)	12.35%
Match value	\$56,121

Note: The amount of taxes that are foregone varies each year and requires an annual calculation. A single calculation is inadequate. (In year one, the present value is the full face value of the taxes foregone). In each calculation, the taxes foregone are designated as future value (rather than as the payment amount), the interest rate is 4.4% and the period corresponds to the year of the tax forgiveness.

Documentation: Must have a letter from the entity granting forgiveness, as well as documentation establishing the value of the contribution.

3. **Donated Land or Other Real Property**

What Counts

- Must be a permanent donation
- Must be actual donation of land, or the sale of land at demonstrably below market value for use in an affordable housing project.

Calculating the Value of Donated Property

Generally, the value of the donation is the appraised value of the land minus any debts, liens, or other encumbrances. However, there are several ways to calculate the value of the donation.

Donated Land Acquired with Federal Funds: The property must have been acquired and donated specifically for HOME-assisted or HOME match-eligible housing. The match contribution is the difference between the property's appraised value at acquisition, and the actual acquisition cost.

EXAMPLES:

A non-profit purchases a property with HOME funds for \$55,000. The appraised value is \$75,000, and the seller acknowledges the discounted sales price as a donation to affordable housing. The match contribution is \$20,000.

A county housing agency purchases a property appraised for \$75,000. The sales price is \$55,000. The seller acknowledges the discounted sales price as a donation to affordable housing. The county uses \$30,000 of its (non-federal) funds, and \$25,000 of its HOME funds. The match contribution is \$50,000, the difference between the sales price and the appraised value, (\$20,000) plus the county's contribution of non-federal funds (\$30,000).

Donated Land Acquired with Non-Federal Resources – The land must be donated to HOME-assisted or HOME match-eligible housing. The match

contribution is 100% of the property value minus any debts, liens, and encumbrances.

EXAMPLE:

County purchases a property for \$100,000 with county general funds, and donates it to a local non-profit to provide HOME tenant-based rental assistance. The appraised value is \$200,000. Debts, liens, and encumbrances on the property equal \$50,000. The match contribution is \$150,000.

- Properties may be donated by non-federal public entities, private entities, and individuals.
- Properties may not be donated by applicants for, or recipients of HOME assistance or from contractors or investors who own, are working on, or proposing to apply for, HOME assistance.
- Properties must be appraised by a certified, independent appraiser based on generally recognized appraisal practices, and the best available data.
- At the time of acquisition with federal assistance, all sales below market value (discounted sales price) must be acknowledged in writing by the seller as donations to affordable housing.

Documentation: Must have documentation demonstrating the donation and the value of the land.

4. **On-Site & Off-Site Infrastructure**

To Be Eligible as Match:

- The cost of the infrastructure must not have been paid for with federal funds.
- Recipient must document that the infrastructure is directly required for HOME-assisted housing (cannot be just for a HOME match-eligible project). Examples include:
 - Streets
 - Streetlights located on or immediately adjacent to the project site
 - Sidewalks
 - Gutters
 - Utility lines and connections serving the project.

The infrastructure need not have been specifically identified as serving HOME-assisted housing when installed, but must be completed no earlier than 12 months

before HOME funds were awarded to a project or program in order to have it count toward the HOME match.

Infrastructure not directly facilitating the HOME-assisted housing, such as neighborhood parks or bridges, is not an eligible matching contribution.

Value: If the infrastructure serves both HOME and non-HOME assisted units, match value is counted on a pro-rata basis, and credited according to the value attributed to the HOME-assisted units.

EXAMPLE:

Using non-federal funds, a city installs sidewalks and a street to serve a HOME multifamily rental project. 60% of the units are HOME-assisted. The city may count 60% of the cost of installing the infrastructure toward its match contribution.

Documentation: Must cost estimate from contractor demonstrating the value of the off-site and on-site infrastructure.

5. Proceeds from Affordable Housing Bonds

What Counts:

- Mortgage revenue bonds issued by a public entity for affordable housing (e.g., CalHFA, Rural Gold bonds).
- Bond proceeds must be loaned or granted to HOME-assisted or HOME match-eligible housing, and
- Not repaid to the HOME local account

Value:

Single-Family Housing - Can count 25% of the face value of each loan

Multi-Family Housing - Can count 50% of the face value of each loan

EXAMPLE:

The city issues a mortgage revenue bond for homeownership. During the HOME program year, \$500,000 is committed to specific loans to qualified families. \$125,000 of this is available as a match contribution (25% of the face value of the loans.) The city's match liability for the year, generated by all of its HOME activities, is \$300,000. 25% of this total match liability (\$75,000) can be satisfied through mortgage revenue bond proceeds each year. The city can only count \$75,000 of this money toward its match liability.

Documentation: Must provide loan agreement demonstrating the value of the bonds.

6. Direct Cost of Supportive Services Provided to HOME-Assisted Families To Be Eligible as Match:

- The supportive services must be provided to residents of HOME-assisted units during the HOME affordability period (to residents of HOME TBRA during the period of the rental assistance contract); and
- Must not be paid for with federal funds.

Do not count as match the value of services to non-HOME-assisted households, including those living in HOME match-eligible housing.

Value: Direct costs for services necessary to facilitate independent living or services required as part of a self-sufficiency program. Direct costs are limited to costs for salary, benefits, and materials (e.g., food, medical supplies), directly attributable to the provision of services to HOME residents. For match purposes, the provider's overhead costs (rent, office equipment and supplies, etc.) are not considered direct costs.

Documentation: Must have an agreement with supportive service provider and an estimate for the cost of assisting HOME residents.

7. Ineligible HOME Costs As Eligible Matching Contributions

What Counts: Non-federal funds used to fund costs that are ineligible under the HOME program can be counted as match.

- Project-based rental assistance
- Operating subsidies

Value: Full value of the contribution made

Documentation: Proof of operating subsidy or rental assistance, through letter or agreement.

Ineligible Forms of Match

- Contributions made with or derived from federal resources or funds, regardless of when the funds were received or expended, including CDBG funds.
- Interest rate subsidy attributable to federal tax exemption on financing (e.g., state or local bonds), or the value attributable to federal tax credits.
- Owner equity or investment is generally ineligible because it is not considered a permanent contribution to the project, but rather value accruing to the owner.
- Any contributions from applicants for, or recipients of, HOME assistance or contracts, or from investors who own, are working on, or are proposing to apply for, assistance under the HOME program. (This does not prohibit contractors who do not own any HOME project from contributing professional services, in accordance with 24 CFR 92.220(a)(8), or prohibit persons from contributing “sweat equity”, in accordance with 24 CFR 92.220(a)(9).)
- Cost of administering HOME-assisted programs or projects, or HOME match-eligible projects.
- Contributions already counted as match toward any other federally-funded program.
- Any form of match not meeting the requirements of 24 CFR 92.220.
