KITCHEN HOOD SYSTEMS MAINTENANCE AND REPAIRS

I. The following revision is made to Section 8 – Submittals:

- 1. Section 8 – Submittals, Price Schedule is replaced with a revised Section 8 – Submittals, Price Schedule.

II. This addendum answers the following question that was addressed at the Pre-Offer Conference that was held November 13, 2024:

- 1. **Question:** Wondering except for links, on pricing for tab, “parts and tanks”, can just put parts plus a markup percentage or list minus a percentage. The parts and tanks list is complicated based on the different manufacturers, each have their own nozzles, caps, chemical and so forth. There is only a single line item and is not a true representation of the cost of other manufacturers. Also is there an escalation fee schedule as parts continue to change in pricing and subject to price increasing without notice.

Answer: The cost for parts will be a pass-through cost with no markup allowed. Potential bidders can use their discretion to provide pricing for parts. There is no escalation fee schedule. Refer to the IFB, Section 5, paragraph 5.3 entitled Price.

All other terms and conditions remain unchanged

Offeror is required to sign and return addendum with their offer.
