2.16. Award of Contract

Unless otherwise indicated, award(s) will be made to the most responsive, responsible Offeror(s) who are regularly established in the service, or providing the goods, contained in this solicitation and who have demonstrated the ability to perform in an acceptable manner.

- A. Factors that may be considered by the City include:
 - 1. Technical capability of the Offeror to accomplish the scope of work required in the Solicitation. This may include performance history on past and current government or industrial contracts; and,
 - 2. Demonstrated availability of the necessary manpower (both supervisory and operational personnel) and necessary equipment to accomplish the scope of work in the Solicitation; and,
 - 3. Safety record; and,
 - 4. Offeror history of complaints and termination for convenience or cause.
- B. Notwithstanding any other provision of this solicitation, the City reserves the right to: (1) waive any immaterial defect or informality; or (2) reject any or all offers or portions thereof; or (3) reissue a solicitation.
- C. A response to a solicitation is an offer to contract with the City based upon the terms, conditions, and specifications contained in the City's solicitation. Offers do not become contracts until they are executed by the Chief Procurement Officer or Department Director. A contract has its inception in the award, eliminating a formal signing of a separate contract. For that reason, all of the terms, conditions and specifications of the procurement contract are contained in the solicitation, and in any addendum or contract amendment.

2.17. Solicitation Transparency Policy

Commencing on the date and time a solicitation is published, potential or actual Offerors or respondents (including their representatives) shall only discuss matters associated with the solicitation with the Mayor, any members of City Council, the City Manager, any Deputy City Manager, or any department director directly associated with the solicitation (including in each case their assigned staff, except for the designated Procurement Officer) at a public meeting, posted under Arizona Statutes, until the resulting contract(s) are awarded to all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or similar solicitation.

As long as the solicitation is not discussed, Offerors may continue to conduct business with the City and discuss business that is unrelated to the solicitation with the City staff. Offerors may not discuss the solicitation with any City employees or evaluation panel members.

Offerors may discuss their proposal or the solicitation with the Mayor or one or more members of the Phoenix City Council, provided such meetings are scheduled through the Procurement Officer, and are posted as open meetings with the City Clerk at least 24 hours prior to the scheduled meetings. The City Clerk will be responsible for posting the meetings. The posted notice shall identify the participants and the subject matter, as well as invite the public to participate.

With respect to the selection of the successful Offerors, the City Manager and/or City Manager's Office will continue the past practice of exerting no undue influence on the process. In all solicitations of bids and proposals, any direction on the selection from the City Manager and/or City Manager's Office and Department Head (or representative) to the proposal review panel or selecting authority must be provided in writing to all prospective Offerors.

This policy is intended to create a level playing field for all Offerors, assure that contracts are awarded in public, and protect the integrity of the selection process. OFFERORS THAT VIOLATE THIS POLICY SHALL BE DISQUALIFIED. After official Notice is received by the City for disqualification, the Offeror may follow the Protest process, unless the Solicitation is cancelled without notice of intent to re-issue.

“To discuss” means any contact by the Offeror, regardless of whether the City responds to the contact. Offerors that violate this policy will be disqualified until the resulting contract(s) are awarded, or all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or a similar solicitation. The City interprets the policy as continuing through a cancellation of a solicitation until Council award of the contract, as long as the City cancels with a statement that the City will rebid the solicitation.

2.18. Protest Process

Offeror may protest the contents of a solicitation no later than seven days before the solicitation deadline when the protest is based on an apparent alleged mistake, impropriety or defect in the solicitation. Protests filed regarding the solicitation may be addressed by an amendment to the solicitation or denied by the City. If denied, the opening and award will proceed unless the City determines that it is in the City's best interests to set new deadlines, amend the solicitation, cancel or re-bid.

Therefore, unless otherwise notified by a formal amendment, the Protester must adhere to all solicitation dates and deadlines, including timely filing of an offer, regardless of filing a protest.

Offeror may protest an adverse determination issued by the City regarding responsibility and responsiveness, within seven days of the date the Offeror was notified of the adverse determination.

Offeror may protest an award recommendation if the Offeror can establish that it had a substantial chance of being awarded the contract and will be harmed by the recommended award. The City will post recommendations on the City's website to award the contract(s) to an Offeror(s). Offeror must submit award protests within seven days after the posting of the award recommendation, with exceptions only for good cause shown, within the City's full and final discretion.

All protests will be in writing, filed with the Procurement Officer identified in the solicitation and include the following:

- Identification of the solicitation number;
- The name, address and telephone number of the protester;
- A detailed statement describing the legal and factual grounds for the protest, including copies of relevant documents;
- The form of relief requested; and
- The signature of the protester or its authorized representative.

The Procurement Officer will render a written decision within a reasonable period after the protest is filed. The City will not request City Council authorization to award the contract until the protest process is complete. All protests and appeals must be submitted in accordance with the City's Procurement Code, (Phoenix City Code, Ch. 43) and any protests or appeals not submitted within the time requirements will not be considered. Protests must be filed with the Procurement Officer.

2.19. Public Record

All Offers submitted in response to this solicitation will become the property of the City and become a matter of public record available for review pursuant to Arizona State law. If an Offeror believes that a specific section of its Offer response is confidential, the Offeror will isolate the pages marked confidential in a specific and clearly labeled section of its Offer response. An Offeror may request specific information contained within its Offer is treated by the Procurement Officer as confidential provided the Offeror clearly labels the information "confidential." To the extent necessary for the evaluation process, information marked as "confidential" will not be treated as confidential. Once the procurement file becomes available for public inspection, the Procurement Officer will not make any information identified by the Offerors as "confidential" available to the public unless necessary to support the evaluation process or if specifically requested in accordance with applicable public records law. When a public records request for such information is received, the Procurement Officer will notify the Offeror in writing of any request to view any portion of its Offer marked "confidential." The Offeror will have the time set forth in the notice to obtain a court order enjoining such disclosure. If the Offeror does not provide the Procurement Officer with a court order enjoining release of the information during the designated time, the Procurement Officer will make the information requested available for inspection.

2.20. Late Offers

Late Offers must be rejected, except for good cause. If a late Offer is submitted, the Department will document the date and time of the submittal of the late Offer, keep the Offer and notify the Offeror that its Offer was disqualified for being a late Offer.

2.21. Right to Disqualify

The City reserves the right to disqualify any Offeror who fails to provide information or data requested or who provides materially inaccurate or misleading information or data. The City

further reserves the right to disqualify any Offeror on the basis of any real or apparent conflict of interest that is disclosed by the Offer submitted or any other data or information available to the City. This disqualification is at the sole discretion of the City. By submission of a solicitation response, the Offeror waives any right to object now or at any future time, before any agency or body including, but not limited to, the City Council of the City or any court as to the exercise by the City of such right to disqualify or as to any disqualification by reason of real or apparent conflict of interest determined by the City. The City reserves the right to replace the disqualified Offeror.

2.22. Contract Award

In accordance with the City of Phoenix Code, Chapter 43, Section 43-12, Competitive Sealed Bidding, award(s) shall be made to the lowest responsible and responsive offeror(s) whose offer conforms in all material respects to the requirements set forth in this solicitation. The City reserves the right to award a contract by individual line items, by group, all or none, or any other combination most advantageous to the City. The City reserves the right to multiple award.

2.23. Determining Responsiveness and Responsibility

Offers will be reviewed for documentation of any required minimum qualifications, and completeness and compliance with the solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.

Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers will render an Offer nonresponsive.

Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the Offeror, late deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Offeror be a responsible Offeror. Responsibility includes the Offeror's integrity, skill, capacity, experience, and facilities for conducting the work to be performed.

2.24. Equal Low Offer

Contract award will be made by putting the names of the tied Offerors in a cup for a blind drawing limited to those bidders with tied Offers. If time permits, the Offerors involved will be given an opportunity to attend the drawing. The drawing will be witnessed by at least three persons, and the contract file will contain the names and addresses of the witnesses.

If, in the opinion of the City's authorized representative, performance becomes unsatisfactory, the City will notify the Contractor. The Contractor will have 30 days from that time to correct any specific instances of unsatisfactory performance, unless a different amount of time is specified in the agreement. In the event the unsatisfactory performance is not corrected within the time specified, the City will have the immediate right to complete the work to its satisfaction and will deduct the cost to cover from any balances due or to become due the Contractor. The Background Screening requirements set forth in this Section are the minimum requirements for this Contract. The City does not warrant or represent that the minimum requirements are sufficient to protect Contractor from any liability that may arise out of Contractor's work under this Contract or Contractor's failure to comply with this Section. Therefore, in addition to the Background Screening measures set forth below, Contractor and its Contract Workers shall take such other reasonable, prudent, and necessary measures to further preserve and protect public health, safety, and welfare when providing work under this Contract.

As used in this Section, "Contract Worker" means a person performing work for the City, including (1) a person or entity that has a contract with the City, (2) a worker of a person or

entity that has a contract with the City, (3) a worker of a subcontractor of a person or entity that has a contract with the City, and (4) a worker of a tenant of the City. (City of Phoenix A.R. 4.45)

5.24. Legal Worker Background Check

Pursuant to Arizona Revised Statutes (A.R.S.) § 41-4401, Contractor must verify the legal Arizona worker status of each Contract Worker. Contractor must conduct and all Contract Workers must pass a background check for their real identity and legal name prior to performing any work under this Contract.

5.25. City Rights Regarding Security Inquiries

In addition to a Legal Worker Background Check, the City reserves the right to require Contractor to:

- A. Have a Contract Worker provide fingerprints and execute any document that is necessary to obtain criminal justice information pursuant to A.R.S. § 41-1750(G)(4) or Phoenix City Code § 4-22 or both;
- B. Act on newly acquired information, whether or not the information should have been previously discovered;
- C. Unilaterally change its standards and criteria related to the acceptability of Contract Workers; and
- D. Object, at any time and for any reason, to a Contract Worker performing work under this Contract, including supervision and oversight services.

5.26. Contractor Certification

By entering into this Contract, Contractor certifies that Contractor has read the Background Screening requirements and criteria in this Section, understands them, and that all Background Screening information furnished to the City is accurate, complete, and current. A Contract Worker that is rejected for work under this Contract shall not perform any work under any other contract or engagement Contractor has with the City without the City's prior written approval.

5.27. Contractor's Contracts and Subcontracts

Contractor shall include the terms of this Section for Contract Worker Background Screening in all contracts and subcontracts for work performed under this Contract, including supervision and oversight services.

5.28. Materiality of Background Screening Requirements and Indemnity

The Background Screening requirements of this Section are material to the City's decision to enter into this Contract. Any breach of this Section by Contractor shall be deemed a material breach of this Contract. In addition to any other indemnification provision in this Contract, Contractor shall defend, indemnify, and hold harmless the City from and against any and all claims, actions, liabilities, damages, losses, and expenses (Claims) arising out of this Background Screening Section, including the Contractor's disqualification of any Contract Worker or the City's failure to enforce this Section.

5.29. Continuing Duty and Audit

Contractor's obligation to ensure that all Contract Workers pass a Background Screening pursuant to Section shall continue throughout the entire term of this Contract. Contractor shall immediately notify the City of any change to a Contract Worker's Background Screening. Contractor shall maintain all records and documents related to all Background Screenings and the City reserves the right to audit Contractor's compliance with this Section.

5.30. Contract Worker Access Controls and Airport Security Badge Requirements

Contractor shall not allow a Contract Worker to begin work under this Contract until Contractor has completed the Background Screening required by the City and the City has issued the appropriate airport security badge to the Contract Worker. The airport security badge will grant the Contract Worker unescorted access authority only to the area or areas of the Airport that the Contract Worker must enter in order to perform work under this Contract. When a Contract Worker's work in any area ends, the Contract Worker's access authority to that area ends. Any Contract Worker that attempts to enter a restricted area or sterile area, as those terms are defined below, of the Airport without proper authority is an immediate breach of this Contract.

5.31. Security Identification Display Area (SIDA) Badge Process

Each Contract Worker that needs unescorted access authority to a restricted or sterile area of the Airport in order to perform work under this Contract must receive a security identification display area (SIDA) badge from the Aviation Department's Public Safety and Security Division's Badging Office. Contractor must make arrangements with the City to have each Contract Worker proceed to the Badging Office for processing. The Badging Office will not issue a SIDA badge until the Contract Worker passes a fingerprint-based criminal history background check (CHRC) required by federal law (49 C.F.R. § 1542.209) and § 4-22(C) of the Phoenix City Code and passes a security threat assessment as mandated by the TSA through a security directive (49 C.F.R. § 1542.303). The Contract Worker shall comply with all requirements of and furnish all information requested by the Badging Office. Contractor shall pay for all fees associated with SIDA badging process, unless otherwise provided in the Scope of Work. Fees will be assessed according to § 4-22(D) of the Phoenix City Code. Current badging procedures and fees are available for review at: <https://www.skyharbor.com/airport-business/security-badging/>.

As used in this Section, "restricted area" means the secured area and SIDA area of the Airport. "Secured area" means the part of the Airport in which certain federal security measures are implemented and where airlines enplane and deplane passengers and load baggage. "SIDA area" means the secured area and other areas designated by the Aviation Department, which include air operation areas, ground transportation areas, and the Rental Car Center security doors. "Sterile area" means the part of the Airport that provides passengers access to board aircraft and is controlled by the TSA or the airline by screening of persons and property. See § 4-22 of the Phoenix City Code and Rules 05-01 and 05-09 of the Aviation Department Rules and Regulations for a complete definition of the foregoing terms.

5.32. Risk-Based Background Check Process

The City has established two levels of risk for Contract Worker background checks: standard risk and maximum risk. If the Scope of Work changes, the City may change the level of risk,

which may require Contractor conduct additional investigations and incur additional costs in order to process a background check and obtain the required airport security badge. Contract Workers who receive a SIDA badge are exempt from a standard and maximum risk background check.

A STANDARD RISK [or MAXIMUM RISK] BACKGROUND CHECK is required for all non-exempt Contract Workers performing work under this Contract.

As used in this Section, “background check” means the fact-gathering process described in City of Phoenix A.R. 4.45 that is conducted to obtain information regarding a Contract Worker’s legal Arizona eligibility, criminal history, driving history, certifications, and other matters that may affect the Contract Worker’s ability or fitness to perform work under this Contract.

- A. Before any work is performed under this Contract, Contractor shall provide the City with a list of its Contract Workers.
- B. If any dispute arises related to a background check process or criminal history check information, then Contractor and the affected Contract Worker will resolve the dispute. The City will not get involved in resolving any such dispute.
- C. In making the determination whether information in a background check renders the Contract Worker disqualified, Contractor should be guided by the following principles and guidelines:
 1. Disqualification should not be based solely on a criminal conviction, unless the conviction related to performance under this Contract.
 2. Arrests that did not result in a conviction being entered or charges being filed may not be considered.
 3. Not all criminal convictions or other negative information obtained in a background check will disqualify a Contract Worker from working under this Contract.
 4. Contractor must evaluate the relevance of the information to the work the Contract Worker will perform under this Contract.
 5. Contractor must consider the following factors in determining whether negative background information disqualifies a Contract Worker:
 - Duties of the position
 - Time, nature, and number of negative events and convictions
 - Attempts and extent of rehabilitation efforts
 - The relation between the duties of the position and the nature of the crime committed
- D. The analysis of whether any information in a background check is a potentially disqualifying factor involves looking at the requirements of the Contract, the Scope of Work, where the work will be performed, the need for access to restricted areas, and the

type of persons or places the Contract Worker will encounter. Contractor should review the background check results and determine whether the nature of the conviction or crime reported would create a risk to the City based on the Contract's requirements.

1. For a Contract Worker requiring a standard risk background check, potentially disqualifying convictions include a record of theft, identity theft, computer fraud or abuse, burglary, arson, crimes against property, violent crimes, or other crimes involving dishonesty, or embezzlement.
 2. For a Contract Worker requiring a maximum risk background check, potentially disqualifying convictions include a record of child molestation, assault, sexual assault, crimes against a person, public indecency, drug offenses, forgery, theft, burglary, arson, crimes against property, violent crimes, crimes for financial gain, identity theft, computer fraud or abuse, and embezzlement.
- E. If a background check shows that the disposition of an arrest is unknown, then Contractor must determine the disposition of the arrest.
- F. Contractor will obtain a Contract Worker disclosure from each Contract Worker who will perform work under this Contract. Contractor will provide the Contract Worker disclosures to the City upon request. "Contract Worker disclosure" means an affidavit by a Contract Worker disclosing his or her prior criminal record. The Contract Worker disclosure must list all criminal convictions, including the nature of the crime, the date of the conviction, and the location where the crime and conviction occurred. The Contract Worker disclosure also grants to the City the right to review the background check results. (City of Phoenix A.R. 4.45)
- G. In a standard risk background check, Contractor must review the results of the background check and decide if a Contract Worker should be disqualified for work under this Contract. Contractor must engage in whatever due diligence is necessary to make the decision on whether to disqualify a Contract Worker. After Contractor has made its decisions, a list of names of qualified Contract Workers will be provided to the City.
- H. In a maximum risk background check, Contractor must conduct the same review as in a standard risk background check. However, when submitting its list of qualified Contract Workers, Contractor must also submit the results of the background checks to the City for review. After its review, the City will either approve or deny each Contract Worker.
1. If the City approves a Contract Worker, then the City will notify Contractor of that fact and the Aviation Department will issue the appropriate airport security badge to the Contract Worker.
 2. If the City denies a Contract Worker, then the City will notify Contractor of that fact and Contractor will reevaluate the Contract Worker to determine whether the person should be disqualified. If Contractor believes there are extenuating circumstances that suggest that the Contract Worker should not be disqualified, then Contractor will

discuss those circumstances with the City. The City will review the matter and its decision on disqualification is final.

3. The City may set up a secure folder or drop box for confidential materials related to maximum risk background checks. The City will not keep records related to maximum risk background checks after they are reviewed.
- I. If Contractor is a sole proprietor, Contractor must submit to the City a copy of his or her own background check and a background check for all business partners, member, and employees that will work under this Contract and for whom the background check requirements of City of Phoenix A.R. 4.45 apply.
- J. Contractor shall determine whether a Contract Worker is disqualified from performing work under this Contract.

5.33. Standard Risk Background Check

A standard risk background check must be conducted for the term of this Contract or five (5) years, whichever is shorter. Contractor shall conduct a standard risk background check on all Contract Workers whose work under this Contract requires:

- An airport security badge or key for access to City facilities,
- Access to sensitive information, confidential records, personal identifying information, or restricted City information, or
- Unescorted access to City facilities during normal and non-business hours.

“Personal identifying information” is defined by City of Phoenix A.R. 4.45.

5.34. Scope of the Standard Risk Background Check

The standard risk background check conducted by Contractor must be based on the real identity and legal name of the Contract Worker and include felony and misdemeanor records checks from any county in the United States, the state of Arizona, and any other jurisdiction where the Contractor Worker has lived at any time in the last seven (7) years.

5.35. Maximum Risk Background Check

A maximum risk background check must be conducted for the term of this Contract or five (5) years, whichever is shorter. Contractor shall conduct a maximum risk background check on all Contract Workers whose work under this Contract requires:

- Working directly with a vulnerable adult or child under age 18,
- Any responsibility for the receipt of payment of City funds or control of inventories, assets, or records that are at risk of misappropriation,
- Unescorted access to City data centers, money rooms, high-value equipment rooms,
- Access to a private residence,
- Access to Homeland Defense Bureau-identified critical infrastructure sites or facilities, or

- Responsibility or access to City-identified critical infrastructure sites, City networks or data, cyber/IT/network assets, digital or cyber assets, workstations, or servers, by either remote or direct access.

5.36. Scope of the Maximum Risk Background Check

The maximum risk background check conducted by Contractor must include the search criteria conducted under a standard risk background check in addition to a search for all felony and misdemeanor convictions (not including traffic or parking violations), a sex offender check, and a search for all outstanding warrants. Based on the Scope of Work, Contractor shall also conduct a credit check (for cash handling, accounting, and compliance positions only), driving records check (for driving positions only), and fingerprint verification when the Contract Worker is working directly with a child under age 18 or a vulnerable adult or the work under the Contract will take the Contract Worker to a criminal justice information system (CJIS) location.

Maximum risk background checks are valid for the term of this Contract or three (3) years, whichever is shorter.

5.37. Maximum Risk Background Check for Child Care Staff Members

If the Scope of Work of this Contract involves work as a child care staff member, then Contractor will conduct a maximum risk background check.

5.38. Criminal Justice Information System (CJIS) Maximum Risk Background Check

If the Scope of Work of this Contract requires unescorted access to a CJIS location or if Contractor will have access to a CJIS infrastructure or information, then a CJIS maximum risk background check will be conducted, reviewed, and approved by the Phoenix Police Department or the Arizona Department of Public Safety.

5.39. Maximum Risk Background Check for Children or Vulnerable Adults

If the Scope of Work of this Contract involves work with a child under age 18 or a vulnerable adult, then Contractor will conduct a maximum risk background check.

As used in this Section, "vulnerable adult" means an individual who is 18 years of age or older who is unable to protect himself or herself from abuse, neglect, or exploitation by others because of a mental or physical impairment. (A.R.S. § 13-3623(F)(6) and City of Phoenix A.R. 4.45)

5.40. Airport Security Badge Handling Procedures

Contractor will comply with the following airport security badge handling procedures:

Key Access Procedures. If a Contract Worker requires keyed access to enter a City facility, then a separate key will be issued and Contractor must complete a return form and submit it to the City for each key issued.

Stolen or Lost Badges or Keys. Contractor shall immediately report any lost or stolen airport security badge or key to the City. A new airport security badge application or key issue form

must be completed and submitted along with payment of the applicable fee prior to issuance of a new airport security badge or key.

Return of Badges or Keys. All airport security badges and keys are the property of the City and must be returned to the Badging Office within one (1) business day after the Contract Worker's access to a City facility is no longer required under this Contract. Contractor shall collect a Contract Worker's airport security badge and all keys (1) when the Contract Worker's employment is terminated, (2) when the Contract Worker's services are no longer required at a City facility, or (3) when this Contract terminates, is cancelled, or expires, whichever occurs first.

Employee Identification and Access. Contract Workers must have an airport security badge and some form of verifiable company identification in their possession at all times while working under this Contract, unless otherwise provided in the Scope of Work. Contract Workers are strictly prohibited from entering any area of the Airport that is not authorized by the airport security badge or key issued to them by the Badging Office. The Aviation Department will determine who will have access to the Airport. Contract Workers access authority is only valid during their scheduled hours. Contractor shall provide the City with updates and changes in personnel as they occur.

Badge Fees. Contractor shall pay the airport security badge fees set forth in § 4-11(D) of the Phoenix City Code.

5.41. Contractor's Breach

Contractor agrees that the access control, airport security badge, and key requirements in this Section are necessary to preserve and protect public health, safety, and welfare. Therefore, Contractor shall be deemed in immediate breach of this Section upon the occurrence of any of the following:

- A Contract Worker gains access to a City facility or a restricted or secured area of the Airport without the proper airport security badge or key
- A Contract Worker uses another person's airport security badge or key to gain or attempt to gain access to a City facility or a restricted or secured area of the Airport
- A Contract Worker begins work under this Contract without passing the appropriate Background Screening and being issued the proper airport security badge or key
- A Contract Worker or Contractor submits false, incomplete, or misleading Background Screening information or submits any false, incomplete, or misleading information in an attempt to improperly obtain an airport security badge or key
- Contractor fails to collect and timely return a Contract Worker's airport security badge or key to the City within three days of the (1) date the Contract Worker's employment terminates, (2) the date the Contract Worker is assignment to another City facility, or (3) when this Contract terminates, is cancelled, or expires, whichever occurs first

5.42. Liquidated Damages and Remedies for Breach of Aviation Security Procedures

In addition to any other remedy available to the City at law or in equity, including the right to terminate this Contract, Contractor shall be liable for and shall pay to the City a stipulated damage in the amount of \$1,000.00 for each breach of Aviation Security Procedures and for each time a Contract Worker entered a restricted or secured area of the Airport without proper authority. Contractor agrees that the stipulated damage amount is not a penalty, but is a reasonable estimate of the actual harm to the City caused by a breach and that the harm was very difficult to estimate at the time this Contract was entered into.

5.43. Contractor Certification

Contractor certifies to the City that Contractor has read the foregoing Background Screening requirements and that all Background Screening information Contractor furnished to the City is accurate, complete, and current. Contractor further certifies to the City that Contractor has satisfied all Background Screening requirements and verified the legal worker status of each Contract Worker as required under this Section.

5.44. Accommodations

- A. A workstation will be provided for Consultant at 200 W. Washington Street, 251 W Washington Street or 149 North 4th Avenue, Phoenix, AZ 85003. A personal computer will be provided for access to select documentation provided by City staff and for storage of documentation developed in conjunction with the services being provided. The personal computer and all accessed data and information remain the exclusive property of City. In the event that mobile devices such as a laptop, blackberry, etc. are required to provide Services, City will provide these items to Consultant subject to City of Phoenix rules and regulations associated with the use of these items including, but not limited to, acceptable use, personal use restrictions, and financial responsibility in the event the item is lost or stolen. 6. Defense and Indemnification

6.1. Standard General Defense and Indemnification

Contractor (“Indemnitor”) must defend, indemnify, and hold harmless the City of Phoenix and its officers, officials (elected or appointed), agents, and employees (“Indemnitee”) from and against any and all claims, actions, liabilities, damages, losses or expenses (including but not limited to court costs, attorney fees, expert fees, and costs of claim processing, investigation and litigation) of any nature or kind whatsoever (“Losses”) caused, or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of Indemnitor or any of its owners, officers, directors, members, managers, agents, employees or subcontractors (“Indemnitor’s Agents”) arising out of or in connection with this Contract. This defense and indemnity obligation includes holding Indemnitee harmless for any Losses arising out of or recovered under any state’s Workers’ Compensation Law or arising out of the failure of Indemnitor or Indemnitor’s Agents to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. Indemnitor’s duty to defend Indemnitee accrues immediately at the time a claim is threatened or a claim is made against Indemnitee, whichever is first. Indemnitor’s duty to defend exists regardless of whether Indemnitor is ultimately found liable. Indemnitor must indemnify Indemnitee from and against any and all Losses, except where it is proven that those Losses are solely a result of Indemnitee’s own negligent or willful acts or omissions. Indemnitor will be responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this Contract, Indemnitor waives all rights of subrogation against Indemnitee for losses arising from the work performed by Indemnitor or Indemnitor’s Agents for the City of Phoenix. The obligations of Indemnitor under this provision survive the termination or expiration of this Contract.

7. Submittals

Vendor and subcontractors must maintain that insurance until all their obligations have been discharged, including any warranty periods under this Contract.

The City in no way warrants that the limits stated in this section are sufficient to protect the Vendor from liabilities that might arise out of the performance of the work under this Contract by the Vendor, its agents, representatives, employees or subcontractors and Vendor may purchase additional insurance as they determine necessary.

9.2. Scope and Limits of Insurance

Vendor must provide coverage with limits of liability not less than those stated below.
