1. Introduction

1.1. Summary

The City of Phoenix Office of Emergency Management is soliciting proposals from qualified consultants experienced in Enterprise Risk Management to design, facilitate, and produce a comprehensive Community Risk/Vulnerability Assessment (CRA). This CRA will address current and anticipated community risks and needs over the next five to ten years. The goal is to identify potential hazards within communities, analyze their potential impacts, and prioritize mitigation efforts. This process will inform the development and implementation of programs to mitigate, respond to, and recover from disasters, emphasizing preemptively addressing gaps before major lifelines are impacted.

1.2. Background

The City of Phoenix, the largest municipality in Arizona, serves over 1.6 million residents. With a workforce of more than 14,000 employees, the City provides various essential services, including neighborhood development, recreation, aviation, recycling, and public works. Given its complex and diverse community, the City emphasizes meaningful community engagement to promote sustainable and equitable outcomes through urban planning, public policy development, healthcare, education, and more.

2.3. Preparation of Offer

All forms provided in Submittal Section must be completed and submitted with the Offer. The signed and completed Conflict of Interest and Transparency form must be included or your Offer may be deemed non-responsive.

It is permissible to copy Submittal forms if necessary. Erasures, interlineations, or other modifications of the Offer must be initialed in original ink by the authorized person signing the Offer. No offer will be altered, amended or withdrawn after the specified offer due date and time. The City is not responsible for Offeror’s errors or omissions.

All time periods stated as a number of days will be calendar days.

It is the responsibility of all Offerors to examine the entire solicitation and seek clarification of any requirement that may not be clear and to check all responses for accuracy before submitting an offer. Negligence in preparing an offer confers no right of withdrawal after due date and time. Offerors are strongly encouraged to:

- B. Study and carefully correlate Offeror’s knowledge and observations with the solicitation and other related data.

The Offeror is responsible for all costs incurred in responding to this solicitation. All materials and documents submitted in response to this solicitation become the property of the City and will not be returned.
- E. Offerors are reminded that the specifications stated in the solicitation are the minimum level required and that offers submitted must be for products or services that meet or exceed the minimum level of all features specifically listed in this solicitation. Offers offering less than any minimum specifications or criteria specified are not responsive and should not be submitted.
- F. Offer responses submitted for products considered by the seller to be acceptable alternates to the brand names or manufacturer's catalog references specified herein must be submitted with technical literature and/or detailed product brochures for the City's use to evaluate the products offered. - G. Prices will be submitted on a per unit basis by line item, when applicable. In the event of a disparity between the unit price and extended price, the unit price will prevail unless obviously in error.

2.4. Fixed Offer Price Period

All offers shall be firm and fixed for a period of 180 calendar days from the solicitation opening date.

2.5. Obtaining a Copy of the Solicitation and Addenda

Interested Offerors may download the complete solicitation and addenda from <https://solicitations.phoenix.gov/>. Offers submitted with exceptions may be deemed non-responsive and disqualified from further consideration in the City's sole discretion. Offerors must conform to all the requirements specified in the solicitation. The City encourages Offerors to send inquiries to the Procurement Officer rather than including exceptions in their Offer.

2.7. Inquiries

All questions that arise relating to this solicitation should be directed via email to the Procurement Officer and must be received by the due date indicated in the Schedule of Events. The City will not consider questions received after the deadline.

The Procurement Officer will answer written inquiries in an addendum and publish any addendums on the Procurement Website.

2.8. Addenda

The City of Phoenix will not be responsible for any oral instructions made by any employees or officers of the City of Phoenix regarding this solicitation. 2.9. Business in Arizona

The City will post the information on the preliminary tabulation as it was read during the offer opening. The City makes no guarantee as to the accuracy of any information on the preliminary tabulation. Once the City has evaluated the offers, the City will post an award recommendation on the website. The City has no obligation to provide any further notification to unsuccessful Offerors.

2.15. Offer Evaluation Criteria

In accordance with the Administrative Regulation 3.10, Competitive Sealed Proposal awards shall be made to the responsive and responsible Offeror(s) whose Offer is determined in writing to be the most advantageous to the City based upon the evaluation criteria listed below.

The evaluation factors are listed in the relative order of importance and more details are provided in Scope of Work. The following evaluation criteria will be used to evaluate all Offers:

Evaluation Criteria (maximum 1000 points)

Listed in relative order of importance

Evaluation Criteria #1 - Capacity	400 pts
Evaluation Criteria #2 - Experience and Expertise	300 pts
Evaluation Criteria #3 - Method of Approach	200 pts
Evaluation Criteria #4 - Pricing Proposal	100 pts

2.16. Pre-Award Qualifications

Offeror must have been in operation a minimum of one (1) years. The Offeror's normal business activity during the past one (1) years will have been for providing the goods or services in this solicitation.

Upon notification of an intent to award, the Offeror will have ten calendar days to submit a complete certificate of insurance in the minimum amounts and the coverages as required in the Insurance Requirements of this agreement. Insurance requirements are non-negotiable.

2.17. Certificates of Insurance

Upon notification of a recommended award, the Offeror will have **14 calendar days** to submit a complete certificate of insurance in the minimum amounts and the coverages as required in the Insurance Requirements of this solicitation. Insurance requirements are non-negotiable.

2.18. Award of Contract

Unless otherwise indicated, award(s) will be made to the most responsive, responsible Offeror(s) who are regularly established in the service, or providing the goods, contained in this solicitation and who have demonstrated the ability to perform in an acceptable manner.

A. Factors that may be considered by the City include:

1. Technical capability of the Offeror to accomplish the scope of work required in the Solicitation. This may include performance history on past and current government or industrial contracts; and,

2. Demonstrated availability of the necessary manpower (both supervisory and operational personnel) and necessary equipment to accomplish the scope of work in the Solicitation; and,
 3. Safety record; and,
 4. Offeror history of complaints and termination for convenience or cause.
- B. Notwithstanding any other provision of this solicitation, the City reserves the right to: (1) waive any immaterial defect or informality; or (2) reject any or all offers or portions thereof; or (3) reissue a solicitation.
- C. A response to a solicitation is an offer to contract with the City based upon the terms, conditions, and specifications contained in the City's solicitation. Offers do not become contracts until they are executed by the Chief Procurement Officer or Department Director. A contract has its inception in the award, eliminating a formal signing of a separate contract. For that reason, all of the terms, conditions and specifications of the procurement contract are contained in the solicitation, and in any addendum or contract amendment.

2.19. Solicitation Transparency Policy

Commencing on the date and time a solicitation is published, potential or actual Offerors or respondents (including their representatives) shall only discuss matters associated with the solicitation with the Mayor, any members of City Council, the City Manager, any Deputy City Manager, or any department director directly associated with the solicitation (including in each case their assigned staff, except for the designated Procurement Officer) at a public meeting, posted under Arizona Statutes, until the resulting contract(s) are awarded to all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or similar solicitation.

As long as the solicitation is not discussed, Offerors may continue to conduct business with the City and discuss business that is unrelated to the solicitation with the City staff. Offerors may not discuss the solicitation with any City employees or evaluation panel members.

Offerors may discuss their proposal or the solicitation with the Mayor or one or more members of the Phoenix City Council, provided such meetings are scheduled through the Procurement Officer, and are posted as open meetings with the City Clerk at least 24 hours prior to the scheduled meetings. The City Clerk will be responsible for posting the meetings. The posted notice shall identify the participants and the subject matter, as well as invite the public to participate.

With respect to the selection of the successful Offerors, the City Manager and/or City Manager's Office will continue the past practice of exerting no undue influence on the process. In all solicitations of bids and proposals, any direction on the selection from the City Manager and/or City Manager's Office and Department Head (or representative) to the proposal review panel or selecting authority must be provided in writing to all prospective Offerors.

This policy is intended to create a level playing field for all Offerors, assure that contracts are awarded in public, and protect the integrity of the selection process. OFFERORS THAT

VIOLATE THIS POLICY SHALL BE DISQUALIFIED. After official Notice is received by the City for disqualification, the Offeror may follow the Protest process, unless the Solicitation is cancelled without notice of intent to re-issue.

“To discuss” means any contact by the Offeror, regardless of whether the City responds to the contact. Offerors that violate this policy will be disqualified until the resulting contract(s) are awarded, or all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City’s intent to reissue the same or a similar solicitation. The City interprets the policy as continuing through a cancellation of a solicitation until Council award of the contract, as long as the City cancels with a statement that the City will rebid the solicitation.

2.20. Protest Process

Offeror may protest the contents of a solicitation no later than seven days before the solicitation deadline when the protest is based on an apparent alleged mistake, impropriety or defect in the solicitation. Protests filed regarding the solicitation may be addressed by an amendment to the solicitation or denied by the City. If denied, the opening and award will proceed unless the City determines that it is in the City’s best interests to set new deadlines, amend the solicitation, cancel or re-bid.

Therefore, unless otherwise notified by a formal amendment, the Protester must adhere to all solicitation dates and deadlines, including timely filing of an offer, regardless of filing a protest.

Offeror may protest an adverse determination issued by the City regarding responsibility and responsiveness, within seven days of the date the Offeror was notified of the adverse determination.

Offeror may protest an award recommendation if the Offeror can establish that it had a substantial chance of being awarded the contract and will be harmed by the recommended award. The City will post recommendations on the City’s website to award the contract(s) to an Offeror(s). Offeror must submit award protests within seven days after the posting of the award recommendation, with exceptions only for good cause shown, within the City’s full and final discretion.

All protests will be in writing, filed with the Procurement Officer identified in the solicitation and include the following:

- Identification of the solicitation number;
- The name, address and telephone number of the protester;
- A detailed statement describing the legal and factual grounds for the protest, including copies of relevant documents;
- The form of relief requested; and
- The signature of the protester or its authorized representative.

The Procurement Officer will render a written decision within a reasonable period after the protest is filed. The City will not request City Council authorization to award the contract until the protest process is complete. All protests and appeals must be submitted in accordance with the

City's Procurement Code, (Phoenix City Code, Ch. 43) and any protests or appeals not submitted within the time requirements will not be considered. Protests must be filed with the Procurement Officer.

2.21. Public Record

All Offers submitted in response to this solicitation will become the property of the City and become a matter of public record available for review pursuant to Arizona State law. If an Offeror believes that a specific section of its Offer response is confidential, the Offeror will isolate the pages marked confidential in a specific and clearly labeled section of its Offer response. An Offeror may request specific information contained within its Offer is treated by the Procurement Officer as confidential provided the Offeror clearly labels the information "confidential." To the extent necessary for the evaluation process, information marked as "confidential" will not be treated as confidential. Once the procurement file becomes available for public inspection, the Procurement Officer will not make any information identified by the Offerors as "confidential" available to the public unless necessary to support the evaluation process or if specifically requested in accordance with applicable public records law. When a public records request for such information is received, the Procurement Officer will notify the Offeror in writing of any request to view any portion of its Offer marked "confidential." The Offeror will have the time set forth in the notice to obtain a court order enjoining such disclosure. If the Offeror does not provide the Procurement Officer with a court order enjoining release of the information during the designated time, the Procurement Officer will make the information requested available for inspection.

2.22. Late Offers

Late Offers must be rejected, except for good cause. If a late Offer is submitted, the Department will document the date and time of the submittal of the late Offer, keep the Offer and notify the Offeror that its Offer was disqualified for being a late Offer.

2.23. Right to Disqualify

The City reserves the right to disqualify any Offeror who fails to provide information or data requested or who provides materially inaccurate or misleading information or data. The City further reserves the right to disqualify any Offeror on the basis of any real or apparent conflict of interest that is disclosed by the Offer submitted or any other data or information available to the City. This disqualification is at the sole discretion of the City. By submission of a solicitation response, the Offeror waives any right to object now or at any future time, before any agency or body including, but not limited to, the City Council of the City or any court as to the exercise by the City of such right to disqualify or as to any disqualification by reason of real or apparent conflict of interest determined by the City. The City reserves the right to replace the disqualified Offeror.

2.24. Performance Bond

A performance surety in the amount of 10% of the total contract amount shall be provided by the Contractor immediately after notice of award. The City of Phoenix will not issue a written purchase order or give notice to proceed in any form until the surety is received by the Procurement Officer. The performance surety must be in the form of a bond, cashier's check, certified check or money order. Personal or company checks are not acceptable unless

certified. If surety is in the form of a bond, the company issuing the surety must be authorized by the Insurance Department of Arizona to transact business in the State of Arizona or be named on the approved listing of non-admitted companies. A Certificate of Deposit (CD) issued by a local Phoenix bank may also be used as a form of surety provided that the CD is issued jointly in the name of the City of Phoenix and the Contractor, and that the Contractor endorses the CD over to the City at the beginning of the contract period. Interest earnings from the CD can be retained by the Contractor.

2.25. Contract Award

The City reserves the right to award a contract by individual line items, by group, all or none, or any other combination most advantageous to the City. The City reserves the right to award multiple contracts.

2.26. Determining Responsiveness and Responsibility

Offers will be reviewed for documentation of minimum qualifications, completeness, and compliance with the Solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.

Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers (as the case may be) will render an Offer nonresponsive.

Exceptions, conditions, reservations, or understandings are presumed to be unacceptable, and an Offer that includes unacceptable exceptions, conditions, reservations, or understandings may be rejected as nonresponsive. Alternatively, the City in its sole discretion may instruct in writing that any Offeror remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so in writing, the City may determine the Offer to be nonresponsive.

Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the Contractor, late deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Offeror be a responsible Contractor. Responsibility includes the Offeror's integrity, skill, capacity, experience, and facilities for conducting the work to be performed.

The Procurement Officer will review each Offer to determine if the Offeror is responsible. The City's determination as to whether an Offeror is responsible will be based on all information furnished by the Offeror, interviews (if any), and information received from Offeror's references, including information about Offeror's history, terminations for convenience or cause, contract breach lawsuits or notices of claim and any other sources the City deems appropriate. Award of the Contract resulting from the solicitation will not be made until any necessary investigation, which each Offeror agrees to permit by submitting its Offer, is made by the City as it deems necessary. A review of responsibility may occur up to contract award.

The Offeror's unreasonable failure to promptly supply information about an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such Offeror.

2.27. Equal Low Offer

Contract award will be made by putting the names of the tied vendors in a cup for a blind drawing limited to those bidders with tied offers. If time permits, the offerors involved will be given an opportunity to attend the drawing. The drawing will be witnessed by at least three persons, and the contract file will contain the names and addresses of the witnesses.

2.28. Evaluation of Competitive Sealed Offers

The City will use its discretion in applying the following processes to this solicitation. Any ties in scoring will be resolved with a best and final price request and the lowest price will prevail.

2.29. Detailed Evaluation of Offers and Determination of Competitive Range

During deliberations, the Evaluation Panel will reach a consensus score for each evaluation criterion except price. The Procurement Officer will score the price, which will be added to the overall consensus score. The overall consensus scores will determine the Offerors' rankings and which offers are within the Competitive Range, when appropriate.

2.30. Offers Not Within the Competitive Range

The City may notify Offerors of Offers that the City determined are not in the Competitive Range.

2.31. Discussions with Offerors in the Competitive Range

The City will notify each Offeror whose Offer is in the Competitive Range or made the 'short list' and provide in writing any questions or requests for clarification to the Offeror. Each Offeror so notified may be interviewed by the City and asked to discuss answers to written or oral questions or provide clarifications to any facet of its Offer. The Offerors in the competitive range may be required to provide a demonstration of their product.

Demonstrations - Offerors in the competitive range may be invited to construct a hands-on sample or presentation of their solution at the City of Phoenix. In addition, each finalist may prepare and deliver a presentation of their proposed solution based on the script developed by the evaluation panel. The City may also require a hands-on lab demonstration designed specifically for the evaluation panel. The results of the surveys will be tabulated and delivered to the evaluation team for the final review and solution selection session(s).

If an Offer in the Competitive Range contains conditions, exceptions, reservations or understandings to or about any Contract or Solicitation Scope requirement, the City may discuss or negotiate the conditions, exceptions, reservations or understandings during these meetings. But the City in its sole discretion may reject any and all conditions, exceptions, reservations and understandings, and the City may instruct any Offeror to remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so, the City may determine the Offer is nonresponsive, and the City may revoke its determination that the Offer is in the Competitive Range.

To the fullest extent permitted by law, the City will not provide any information, financial or otherwise, to any Offeror about other Offers received in response to this solicitation. During discussions with Offerors in the Competitive Range, the City will not give Offerors specific prices

or specific financial requirements that Offerors must meet to qualify for further consideration. The City may state that proposed prices are too high with respect to the marketplace or otherwise unacceptable. Offerors will not be told of their relative rankings before Contract award.

2.32. Best and Final Offers (BAFO)

A BAFO is an option available for negotiations. Each Offeror in the Competitive Range, which is determined in the City's sole discretion, may be afforded the opportunity to amend its Offer and make one BAFO.

If an Offeror's BAFO modifies its initial Offer, the modifications must be identified in the BAFO. The City will evaluate BAFOs based on the same requirements and criteria applicable to initial Offers. The City will adjust appropriately the initial scores for criteria that have been affected by offer modifications made by a BAFO. Based on the criteria defined in the solicitation as weighted, the City will then perform final scoring and prepare final rankings.

The Evaluation Panel will recommend the Offer that is the best value and most advantageous to the City based on the evaluation criteria.

The City reserves the right to make an award to an Offeror whose Offer is the highest rated, best value, and most advantageous to the City based on the evaluation criteria, without conducting written or oral discussions with any Offeror, without negotiations, and without soliciting BAFOs.

5.11. State and Local Transaction Privilege Taxes

In accordance with applicable state and local law, transaction privilege taxes may be applicable to this transaction. The state and local transaction privilege (sales) tax burden and legal liability to remit taxes are on the Contractor that is conducting business in Arizona and the City of Phoenix. Any failure by the Contractor to collect applicable taxes from the City will not relieve the Contractor from its obligation to remit taxes. It is the responsibility of the prospective bidder to determine any applicable taxes. The City will look at the price or offer submitted and will not deduct, add or alter pricing based on speculation or application of any taxes, nor will the City provide advice or guidance. If you have questions regarding your tax liability, please seek advice from a tax professional prior to submitting your Offer. You may also find information at <https://www.phoenix.gov/finance/plt> or <https://www.azdor.gov/Business>. Provided these statutory requirements are applicable, Contractor, by entering this Contract, now certifies it is not currently engaged in, and agrees for the duration of the Contract to not engage in, (a) the use of forced labor of ethnic Uyghurs in the People's Republic of China; (b) the use of any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of

China; or (c) the use of any contractors, subcontractors, or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.

Without the prior written consent of the other party, each party shall not actively target for hire personnel of the other party through the term of this Agreement and for six (6) months after the expiration or termination of the last Statement of Work executed by the parties. This prohibition does not apply to or affect in any way the City's standard recruitment processes. The City will not pay a fee or owe any compensation whatsoever to the Contractor if Contractor's employee files an employment application, competes successfully and is hired into a City position. Individuals who are employed by Contractor agency and who are on assignment at the City may file an application for regular City employment and be considered on the same merits and qualifications as would all other applicants. For this reason, compensation to Contractor would not be appropriate and not incurred if such worker succeeds in the selection process and is appointed to a regular City position.

6.20. Liquidated Damages

If the Contractor fails to deliver the supplies or perform the services within the time specified in its contract, or any extension thereof, the actual damages to the City for the delay will be difficult or impossible to determine. The City may terminate this contract in whole or in part as provided in the "Default" provision. In that event, the Contractor shall be liable for such liquidated damages accruing until the City may reasonably obtain delivery or performance of similar supplies and services. The Chief Procurement Officer will be the sole judge in determining the liquidated damages.

6.21. Background Screening

Contractor agrees that all Contractor and subcontractors' workers (collectively "Contract Worker(s)") pursuant to this Agreement will be subject to background and security checks and screening (collectively "Background Screening") at Contractor's sole cost and expense, unless otherwise provided for in the scope of work. Contractor's background screening will comply with all applicable laws, rules and regulations. Contractor further agrees that the background screening is necessary to preserve and protect the public health, safety and welfare. The City requires a completed Contract Worker Badge/Key/Intrusion Detection Responsibilities Agreement for each Contract Worker who requires a badge or key.

6.22. Background Screening Risk Level

The City has established two levels of risk: Standard and Maximum risk. If the scope of work changes, the City may amend the level of risk, which could require the Contractor to incur additional contract costs to obtain background screens or badges.

6.23. Terms of This Section Applicable to all Contractor's Contracts and Subcontracts

Contractor will include Contract Worker background screening in all contracts and subcontracts for services furnished under this agreement.

6.24. Materiality of Background Screening Requirements; Indemnity

The background screening requirements are material to City's entry into this agreement and any breach of these provisions will be deemed a material breach of this contract. In addition to the indemnity provisions set forth in this agreement, Contractor will defend, indemnify and hold harmless the City for all claims arising out of this background screening section including, but not limited to, the disqualifications of a Contract Worker by Contractor. The background screening requirements are the minimum requirements for the Agreement. The City in no way warrants that these minimum requirements are sufficient to protect Contractor from any liabilities that may arise out of the Contractor's services under this Agreement or Contractor's failure to comply with this section. Therefore, Contractor and its Contract Workers will take any reasonable, prudent and necessary measures to preserve and protect public health, safety and welfare when providing services under this Agreement.

- Contract Worker or Contractor submits false information or negligently submits wrong information to the City to obtain a badge, key or applicable background screening; or
- Contractor fails to collect and timely return Contract Worker's badge or key upon termination of Contract Worker's employment, reassignment of Contract Worker to another City facility or upon the expiration, cancellation or termination of this Agreement.
- Contractor acknowledges and agrees that the access control, badge and key requirements in this section are necessary to preserve and protect the public health, safety and welfare. Accordingly, Contractor agrees to properly cure any default under this section within three business days (excluding weekends and City holidays) from the date notice of default is sent by the City. The parties agree that Contractor's failure to properly cure any default under this section will constitute a breach of this section. In addition to any other remedy available to the City at law or in equity, the Contractor will

be liable for and pay to the City the sum of \$1,000.00 for each breach by Contractor in this section. The parties further agree that the sum fixed above is reasonable and approximates the actual or anticipated loss to the City at the time and making of this agreement if Contractor breaches this section. Further, the parties expressly acknowledge and agree to the fixed sum set forth above because of the difficulty of proving the City's actual damages if Contractor breaches this section. The parties further agree that three breaches by Contractor in this section arising out of any default within a consecutive period of three months or three breaches by Contractor in this section arising out of the same default within a period of 12 consecutive months will constitute a material breach of this agreement by Contractor and the City expressly reserves all of its rights, remedies and interests under this agreement, at law and in equity including, but not limited to, termination of this agreement.

6.28. Employee Identification and Access

Contract Workers are forbidden access to designated restricted areas. Access to each building will be as directed by the authorized Phoenix authorized representative. Contract Workers are not authorized access other than during scheduled hours. Access to the building will be directed by the City's authorized representative.

Only authorized Contract Workers are allowed on the premises of the City facilities/buildings. Contract Workers are not to be accompanied in the work area by acquaintances, family members, assistants or any other person unless said person is an authorized Contract Worker.

Unless otherwise provided for in the scope of work:

- Contractor will supply a list of the names and titles of all employees requiring access to the buildings. It is the Contractor's responsibility to provide updates and changes of personnel as necessary.

6.29. Key Access Procedures

If the Contractor Worker's services require keyed access to enter a City facility(ies), a separate key issue/return form must be completed and submitted by the Contractor for each key issued. Contractor must submit the completed key issue/return form to the appropriate badging office.

6.30. Stolen or Lost Badges or Keys

Contractor must immediately report lost or stolen badges or keys to the City's appropriate badging office. If the badge/key was stolen, Contract Worker's must report the theft to their local police department. Prior to issuance of a new badge or key, a new badge application or key issue form must be completed, submittal of a police department report for stolen badges, and applicable payment of the fee(s) listed herein.

6.31. Return of Badge or Key

All badges and keys are the property of the City and must be returned to the City at the badging office within one business day (excluding weekends and City holidays) of when the Contract Worker's access to a City facility is no longer required to furnish the services under this agreement. Contractor will collect a Contract Worker's badge and key(s) upon the termination of the Contract Worker's employment; when the Contractor Worker's services are no longer required at a City facility(s); or upon termination, cancellation or expiration of this agreement.

6.32. Badge and Key Fees

The following constitute the badge and key fees under this agreement, which shall be paid for at the Contractor's sole cost and expense, unless otherwise provided for in the scope of work. The City reserves the right to amend these fees upon a 30-day prior written notice to Contractor.

Initial Badge Fee: \$55.00 per application

Replacement Badge Fee: \$55.00 per badge

Lost/Stolen Badge Fee: \$55.00 per badge

Replacement Key Fee: \$55.00 per key

6.33. Contract Worker Background Screening

Contractor must pay for the cost of all Background Screenings, unless otherwise provided in the Scope of Work. Contractor agrees that Background Screenings required by this Section is necessary to preserve and protect public health, safety, and welfare. The Background Screening requirements set forth in this Section are the minimum requirements for this Contract. The City does not warrant or represent that the minimum requirements are sufficient to protect Contractor from any liability that may arise out of Contractor's work under this Contract or Contractor's failure to comply with this Section. Therefore, in addition to the Background Screening measures set forth below, Contractor and its Contract Workers shall take such other reasonable, prudent, and necessary measures to further preserve and protect public health, safety, and welfare when providing work under this Contract.

As used in this Section, "Contract Worker" means a person performing work for the City, including (1) a person or entity that has a contract with the City, (2) a worker of a person or entity that has a contract with the City, (3) a worker of a subcontractor of a person or entity that has a contract with the City, and (4) a worker of a tenant of the City. (City of Phoenix A.R. 4.45)

6.34. Legal Worker Background Check

Pursuant to Arizona Revised Statutes (A.R.S.) § 41-4401, Contractor must verify the legal Arizona worker status of each Contract Worker. Contractor must conduct and all Contract Workers must pass a background check for their real identity and legal name prior to performing any work under this Contract.

6.35. City Rights Regarding Security Inquiries

In addition to a Legal Worker Background Check, the City reserves the right to require Contractor to:

- A. Have a Contract Worker provide fingerprints and execute any document that is necessary to obtain criminal justice information pursuant to A.R.S. § 41-1750(G)(4) or Phoenix City Code § 4-22 or both;
- B. Act on newly acquired information, whether or not the information should have been previously discovered;

6.36. Contractor Certification

By entering into this Contract, Contractor certifies that Contractor has read the Background Screening requirements and criteria in this Section, understands them, and that all Background Screening information furnished to the City is accurate, complete, and current. A Contract Worker that is rejected for work under this Contract shall not perform any work under any other contract or engagement Contractor has with the City without the City's prior written approval.

6.37. Contractor's Contracts and Subcontracts

Contractor shall include the terms of this Section for Contract Worker Background Screening in all contracts and subcontracts for work performed under this Contract, including supervision and oversight services.

6.38. Materiality of Background Screening Requirements and Indemnity

The Background Screening requirements of this Section are material to the City's decision to enter into this Contract. Any breach of this Section by Contractor shall be deemed a material breach of this Contract. In addition to any other indemnification provision in this Contract, Contractor shall defend, indemnify, and hold harmless the City from and against any and all claims, actions, liabilities, damages, losses, and expenses (Claims) arising out of this Background Screening Section, including the Contractor's disqualification of any Contract Worker or the City's failure to enforce this Section.

6.39. Continuing Duty and Audit

Contractor's obligation to ensure that all Contract Workers pass a Background Screening pursuant to Section shall continue throughout the entire term of this Contract. Contractor shall immediately notify the City of any change to a Contract Worker's Background Screening. Contractor shall maintain all records and documents related to all Background Screenings and the City reserves the right to audit Contractor's compliance with this Section.

6.40. Contract Worker Access Controls and Airport Security Badge Requirements

Contractor shall not allow a Contract Worker to begin work under this Contract until Contractor has completed the Background Screening required by the City and the City has issued the appropriate airport security badge to the Contract Worker. The airport security badge will grant the Contract Worker unescorted access authority only to the area or areas of the Airport that the Contract Worker must enter in order to perform work under this Contract. When a Contract Worker's work in any area ends, the Contract Worker's access authority to that area ends. Any Contract Worker that attempts to enter a restricted area or sterile area, as those terms are defined below, of the Airport without proper authority is an immediate breach of this Contract.

6.41. Security Identification Display Area (SIDA) Badge Process

Each Contract Worker that needs unescorted access authority to a restricted or sterile area of the Airport in order to perform work under this Contract must receive a security identification display area (SIDA) badge from the Aviation Department's Public Safety and Security Division's Badging Office. Contractor must make arrangements with the City to have each Contract Worker proceed to the Badging Office for processing. The Badging Office will not issue a SIDA badge until the Contract Worker passes a fingerprint-based criminal history background check (CHRC) required by federal law (49 C.F.R. § 1542.209) and § 4-22(C) of the Phoenix City Code and passes a security threat assessment as mandated by the TSA through a security directive (49 C.F.R. § 1542.303). The Contract Worker shall comply with all requirements of and furnish all information requested by the Badging Office. Contractor shall pay for all fees associated with SIDA badging process, unless otherwise provided in the Scope of Work. Fees will be assessed according to § 4-22(D) of the Phoenix City Code. Current badging procedures and fees are available for review at: <https://www.skyharbor.com/airport-business/security-badging/>.

As used in this Section, "restricted area" means the secured area and SIDA area of the Airport. "Secured area" means the part of the Airport in which certain federal security measures are implemented and where airlines enplane and deplane passengers and load baggage. "SIDA area" means the secured area and other areas designated by the Aviation Department, which include air operation areas, ground transportation areas, and the Rental Car Center security doors. "Sterile area" means the part of the Airport that provides passengers access to board aircraft and is controlled by the TSA or the airline by screening of persons and property. See § 4-22 of the Phoenix City Code and Rules 05-01 and 05-09 of the Aviation Department Rules and Regulations for a complete definition of the foregoing terms.

6.42. Risk-Based Background Check Process

The City has established two levels of risk for Contract Worker background checks: standard risk and maximum risk. If the Scope of Work changes, the City may change the level of risk, which may require Contractor conduct additional investigations and incur additional costs in order to process a background check and obtain the required airport security badge. Contract Workers who receive a SIDA badge are exempt from a standard and maximum risk background check.

A STANDARD RISK [or MAXIMUM RISK] BACKGROUND CHECK is required for all non-exempt Contract Workers performing work under this Contract.

As used in this Section, “background check” means the fact-gathering process described in City of Phoenix A.R. 4.45 that is conducted to obtain information regarding a Contract Worker’s legal Arizona eligibility, criminal history, driving history, certifications, and other matters that may affect the Contract Worker’s ability or fitness to perform work under this Contract.

- A. Before any work is performed under this Contract, Contractor shall provide the City with a list of its Contract Workers.
- B. If any dispute arises related to a background check process or criminal history check information, then Contractor and the affected Contract Worker will resolve the dispute. The City will not get involved in resolving any such dispute.
- C. In making the determination whether information in a background check renders the Contract Worker disqualified, Contractor should be guided by the following principles and guidelines:
 - 1. Disqualification should not be based solely on a criminal conviction, unless the conviction related to performance under this Contract.
 - 2. Arrests that did not result in a conviction being entered or charges being filed may not be considered.
 - 3. Not all criminal convictions or other negative information obtained in a background check will disqualify a Contract Worker from working under this Contract.
 - 4. Contractor must evaluate the relevance of the information to the work the Contract Worker will perform under this Contract.
 - 5. Contractor must consider the following factors in determining whether negative background information disqualifies a Contract Worker:
 - Duties of the position
 - Time, nature, and number of negative events and convictions
 - Attempts and extent of rehabilitation efforts
 - The relation between the duties of the position and the nature of the crime committed
- D. The analysis of whether any information in a background check is a potentially disqualifying factor involves looking at the requirements of the Contract, the Scope of Work, where the work will be performed, the need for access to restricted areas, and the type of persons or places the Contract Worker will encounter. Contractor should review the background check results and determine whether the nature of the conviction or crime reported would create a risk to the City based on the Contract’s requirements.
 - 1. For a Contract Worker requiring a standard risk background check, potentially disqualifying convictions include a record of theft, identity theft, computer fraud or

- abuse, burglary, arson, crimes against property, violent crimes, or other crimes involving dishonesty, or embezzlement.
2. For a Contract Worker requiring a maximum risk background check, potentially disqualifying convictions include a record of child molestation, assault, sexual assault, crimes against a person, public indecency, drug offenses, forgery, theft, burglary, arson, crimes against property, violent crimes, crimes for financial gain, identity theft, computer fraud or abuse, and embezzlement.
- E. If a background check shows that the disposition of an arrest is unknown, then Contractor must determine the disposition of the arrest.
- F. Contractor will obtain a Contract Worker disclosure from each Contract Worker who will perform work under this Contract. Contractor will provide the Contract Worker disclosures to the City upon request. "Contract Worker disclosure" means an affidavit by a Contract Worker disclosing his or her prior criminal record. The Contract Worker disclosure must list all criminal convictions, including the nature of the crime, the date of the conviction, and the location where the crime and conviction occurred. The Contract Worker disclosure also grants to the City the right to review the background check results. (City of Phoenix A.R. 4.45)
- G. In a standard risk background check, Contractor must review the results of the background check and decide if a Contract Worker should be disqualified for work under this Contract. Contractor must engage in whatever due diligence is necessary to make the decision on whether to disqualify a Contract Worker. After Contractor has made its decisions, a list of names of qualified Contract Workers will be provided to the City.
- H. In a maximum risk background check, Contractor must conduct the same review as in a standard risk background check. However, when submitting its list of qualified Contract Workers, Contractor must also submit the results of the background checks to the City for review. After its review, the City will either approve or deny each Contract Worker.
1. If the City approves a Contract Worker, then the City will notify Contractor of that fact and the Aviation Department will issue the appropriate airport security badge to the Contract Worker.
 2. If the City denies a Contract Worker, then the City will notify Contractor of that fact and Contractor will reevaluate the Contract Worker to determine whether the person should be disqualified. If Contractor believes there are extenuating circumstances that suggest that the Contract Worker should not be disqualified, then Contractor will discuss those circumstances with the City. The City will review the matter and its decision on disqualification is final.
 3. The City may set up a secure folder or drop box for confidential materials related to maximum risk background checks. The City will not keep records related to maximum risk background checks after they are reviewed.

- I. If Contractor is a sole proprietor, Contractor must submit to the City a copy of his or her own background check and a background check for all business partners, member, and employees that will work under this Contract and for whom the background check requirements of City of Phoenix A.R. 4.45 apply.
- J. Contractor shall determine whether a Contract Worker is disqualified from performing work under this Contract.

6.43. Standard Risk Background Check

A standard risk background check must be conducted for the term of this Contract or five (5) years, whichever is shorter. Contractor shall conduct a standard risk background check on all Contract Workers whose work under this Contract requires:

- An airport security badge or key for access to City facilities,
- Access to sensitive information, confidential records, personal identifying information, or restricted City information, or
- Unescorted access to City facilities during normal and non-business hours.

“Personal identifying information” is defined by City of Phoenix A.R. 4.45.

6.44. Scope of the Standard Risk Background Check

The standard risk background check conducted by Contractor must be based on the real identity and legal name of the Contract Worker and include felony and misdemeanor records checks from any county in the United States, the state of Arizona, and any other jurisdiction where the Contractor Worker has lived at any time in the last seven (7) years.

6.45. Maximum Risk Background Check

A maximum risk background check must be conducted for the term of this Contract or five (5) years, whichever is shorter. Contractor shall conduct a maximum risk background check on all Contract Workers whose work under this Contract requires:

- Unescorted access to City data centers, money rooms, high-value equipment rooms,

- Access to Homeland Defense Bureau-identified critical infrastructure sites or facilities, or
- Responsibility or access to City-identified critical infrastructure sites, City networks or data, cyber/IT/network assets, digital or cyber assets, workstations, or servers, by either remote or direct access.

6.46. Scope of the Maximum Risk Background Check

The maximum risk background check conducted by Contractor must include the search criteria conducted under a standard risk background check in addition to a search for all felony and misdemeanor convictions (not including traffic or parking violations), a sex offender check, and a search for all outstanding warrants. Based on the Scope of Work, Contractor shall also conduct a credit check (for cash handling, accounting, and compliance positions only), driving records check (for driving positions only), and fingerprint verification when the Contract Worker is working directly with a child under age 18 or a vulnerable adult or the work under the Contract will take the Contract Worker to a criminal justice information system (CJIS) location.

Maximum risk background checks are valid for the term of this Contract or three (3) years, whichever is shorter.

6.47. Maximum Risk Background Check for Child Care Staff Members

If the Scope of Work of this Contract involves work as a child care staff member, then Contractor will conduct a maximum risk background check.

6.48. Criminal Justice Information System (CJIS) Maximum Risk Background Check

If the Scope of Work of this Contract requires unescorted access to a CJIS location or if Contractor will have access to a CJIS infrastructure or information, then a CJIS maximum risk background check will be conducted, reviewed, and approved by the Phoenix Police Department or the Arizona Department of Public Safety.

6.49. Maximum Risk Background Check for Children or Vulnerable Adults

If the Scope of Work of this Contract involves work with a child under age 18 or a vulnerable adult, then Contractor will conduct a maximum risk background check.

As used in this Section, “vulnerable adult” means an individual who is 18 years of age or older who is unable to protect himself or herself from abuse, neglect, or exploitation by others because of a mental or physical impairment. (A.R.S. § 13-3623(F)(6) and City of Phoenix A.R. 4.45)

6.50. Airport Security Badge Handling Procedures

A new airport security badge application or key issue form must be completed and submitted along with payment of the applicable fee prior to issuance of a new airport security badge or key.

Return of Badges or Keys. All airport security badges and keys are the property of the City and must be returned to the Badging Office within one (1) business day after the Contract

Worker's access to a City facility is no longer required under this Contract. Contractor shall collect a Contract Worker's airport security badge and all keys (1) when the Contract Worker's employment is terminated, (2) when the Contract Worker's services are no longer required at a City facility, or (3) when this Contract terminates, is cancelled, or expires, whichever occurs first.

Employee Identification and Access. Contract Workers must have an airport security badge and some form of verifiable company identification in their possession at all times while working under this Contract, unless otherwise provided in the Scope of Work. Contract Workers are strictly prohibited from entering any area of the Airport that is not authorized by the airport security badge or key issued to them by the Badging Office. The Aviation Department will determine who will have access to the Airport. Contract Workers access authority is only valid during their scheduled hours. Contractor shall provide the City with updates and changes in personnel as they occur.

Badge Fees. Contractor shall pay the airport security badge fees set forth in § 4-11(D) of the Phoenix City Code.

6.51. Contractor's Breach

Contractor agrees that the access control, airport security badge, and key requirements in this Section are necessary to preserve and protect public health, safety, and welfare. Therefore, Contractor shall be deemed in immediate breach of this Section upon the occurrence of any of the following:

- A Contract Worker gains access to a City facility or a restricted or secured area of the Airport without the proper airport security badge or key

6.52. Liquidated Damages and Remedies for Breach of Aviation Security Procedures

In addition to any other remedy available to the City at law or in equity, including the right to terminate this Contract, Contractor shall be liable for and shall pay to the City a stipulated damage in the amount of \$1,000.00 for each breach of Aviation Security Procedures and for each time a Contract Worker entered a restricted or secured area of the Airport without proper authority. Contractor agrees that the stipulated damage amount is not a penalty, but is a

reasonable estimate of the actual harm to the City caused by a breach and that the harm was very difficult to estimate at the time this Contract was entered into.

6.53. Contractor Certification

Contractor certifies to the City that Contractor has read the foregoing Background Screening requirements and that all Background Screening information Contractor furnished to the City is accurate, complete, and current. Contractor further certifies to the City that Contractor has satisfied all Background Screening requirements and verified the legal worker status of each Contract Worker as required under this Section.

6.54. Confidentiality

“Confidential Information” means all non-public, confidential, sensitive, or proprietary information disclosed or made available by City to Contractor or its affiliates, employees, contractors, partners, or agents (collectively “Recipient”), whether disclosed before or after the Effective Date, whether disclosed orally, in writing, or via permitted electronic access, and whether or not marked, designated, or otherwise identified as confidential. Confidential Information includes, but is not limited to: user contents, electronic data, meta data, employment data, network configurations, information security practices, business operations, strategic plans, financial accounts, personally identifiable information, protected health information, protected criminal justice information, and any other information that by the nature and circumstance of the disclosure should be deemed confidential. Confidential Information does not include this document or information that: (a) is now or subsequently becomes generally available to the public through no wrongful act or omission of Recipient; (b) Recipient can demonstrate by its written records to lawfully have had in its possession prior to receiving such information from the City; (c) Recipient can demonstrate by its written records to have been independently developed by Recipient without direct or indirect use of any Confidential Information; (d) Recipient lawfully obtains from a third party who has the right to transfer or disclose it; or (e) the City has approved in writing for disclosure.

Recipient shall: (a) protect and safeguard Confidential Information with at least the same degree of care as Recipient would protect its own Confidential Information, but in no event with less than a commercially reasonable degree of care, such as ensuring data is encrypted in transit and at rest and maintaining appropriate technical and organizational measures in performing the Services under the Agreement; (b) not use Confidential Information, or permit it to be accessed or used, for any purpose other than in accordance with the Agreement; (c) not use Confidential Information, or permit it to be accessed or used, in any manner that would constitute a violation of law, including without limitation export control and data privacy laws; and (d) not disclose Confidential Information except to the minimum number of recipients who have a need to know and who have been informed of and agree to abide by confidentiality obligations that are no less restrictive than the terms of this Agreement. If Recipient is required by law or court order to disclose any Confidential Information, Recipient will first give written notice to the City and provide the City with a meaningful opportunity to seek a protective order or limit disclosure.

Upon the City’s written request or expiration of this Agreement, whichever is earlier, Recipient shall, at no additional costs to the City, promptly return or destroy all Confidential Information belonging to the City that Recipient has in its possession or control. After return or destruction of

the Confidential Information, Recipient shall certify in writing as to its compliance with this paragraph.

If applicable, Contractor agrees to comply with all City information technology policies and security standards, as may be updated from time to time, when accessing City networks and computerized systems whether onsite or remotely.

In addition to, and not in lieu of, all other rights and remedies available to the City, Contractor will defend, indemnify, and hold the City harmless against all losses, claims, costs, attorneys' fees, damages or proceedings arising out of Contractor's breach of this Section (Confidentiality). Contractor's obligations pursuant to this Section (Confidentiality) shall not be subject to any limits of liability or exclusions as may be stated elsewhere in the Agreement.

A violation of this Section shall be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may at the City's discretion result in immediate termination of this Agreement without notice. The obligations of Contractor under this Section shall survive the termination of this Agreement.

6.55. Data Protection

The parties agree this Section shall apply to the City's Confidential Information and all categories of legally protected personally identifiable information (collectively "PII") that Contractor processes pursuant to the Agreement. "Personally identifiable information" is defined as in the Federal Privacy Council's Glossary available at:

<https://www.fpc.gov/resources/glossary/>.

As between the parties, the City is the data controller and owner of PII and Contractor is a data processor. In this Section, the term "process," "processing," or its other variants shall mean: an operation or set of operations which is performed on PII, whether or not by automated means, including without limitation: collection, recording, copying, analyzing, caching, organizing, structuring, storage, adaptation, alteration, retrieval, transmission, dissemination, alignment, combination, restriction, erasure, or destruction.

- A. When Contractor processes PII pursuant to the Agreement, Contractor shall, at no additional cost to the City:
 1. process PII only within the United States and only in accordance with the Agreement and not for Contractor's own purposes, including product research, product development, marketing, or commercial data mining, even if the City's data has been aggregated, anonymized, or pseudonymized;
 2. implement and maintain appropriate technical and organizational measures to protect PII against unauthorized or unlawful processing and against accidental loss, destruction, damage, theft, alteration or disclosure, including at a minimum, and as applicable, those measures specified by the National Institute of Standards and Technology (NIST) SP800-53; A.R.S. § 18-552 (Notification of Security System Breaches); A.R.S. § 44-7601 (Discard and Disposal of Personal Identifying Information Records); Health Information Technology for Economic and Clinical Health (HITECH) Act; Payment Card Industry Data Security Standards; and good

- industry practice; (When considering what measures are appropriate and in line with good industry practice, Contractor shall keep abreast of current regulatory trends in data security and the state of technological development to ensure a level of security appropriate to the nature of the data to be protected and the harm that might result from such unauthorized or unlawful processing or accidental loss, destruction, damage, theft, alteration or disclosure. At minimum, Contractor will timely remediate any vulnerabilities found within its network that are rated medium or more critical by the Common Vulnerability Scoring System (CVSS); however, Contractor must remediate vulnerabilities that are rated critical within 14 days and vulnerabilities that are rated high within 30 days. If requested by the City, Contractor shall promptly provide a written description of the technical and organizational methods it employs for processing PII.)
3. not subcontract any processing of PII to any third party (including affiliates, group companies or sub-contractors) without the prior written consent of the City; and Contractor shall remain fully liable to the City for any processing of PII conducted by a sub-processor appointed by Contractor;
 4. as applicable, implement and maintain appropriate policies and procedures to manage payment card service providers with whom Contractor shares sensitive financial information or cardholder data; and provide the City with a Qualified Security Assessor Attestation of Compliance for Payment Card Industry Data Security Standards on an annual basis, but no later than within 30 days of attestation report completion;
 5. take reasonable steps to ensure the competence and reliability of Contractor's personnel or sub-processor who have access to the PII, including verifications and background checks appropriate to the security level required for such data access;
 6. maintain written records of all information reasonably necessary to demonstrate Contractor's compliance with this Agreement and applicable laws;
 7. allow the City or its authorized agents to conduct audit inspection during the term of the Agreement, but no more than once per year, which may include providing access to the premises, documents, resources, personnel Contractor or Contractor's sub-contractors use in connection with the Services; provided however, the City may at its sole discretion accept a qualified and industry recognized independent third-party assessment report or certification (such as SSAE 18 SOC 2 or ISO/IEC 27001) provided by Contractor at no cost to the City in lieu of the audit inspection rights of this Section;
- B. If the Contractor becomes aware of any actual or potential data breach (each an "Incident") arising from Contractor's processing obligations pursuant to the Agreement, Contractor shall notify the City at SOC@phoenix.gov without undue delay within 48 hours; and:

1. provide the City with a detailed description of the Incident, the type of data that was the subject of the Incident, and the identity of each affected person as soon as such information can be collected or otherwise becomes available;
2. take action immediately, at Contractor's own expense, to investigate the Incident and to identify, prevent, and mitigate the effects of the Incident and to carry out any recovery or other action necessary to remedy the Incident;
3. cooperate with the City in investigating the occurrence, including making available all relevant records, logs, files, data reporting, and other materials required to comply with applicable laws or as otherwise required by the City; and
4. not directly contact any individuals who may be impacted by the Incident or release or publish any filing, communication, notice, press release, or report concerning the Incident without the City's prior written approval (except where required to do so by applicable laws).

In addition to, and not in lieu of, all other rights and remedies available to the City, Contractor will defend, indemnify, and hold the City harmless against all losses, claims, costs, attorneys' fees, damages or proceedings arising out of Contractor's breach of this Section (Data Protection). Contractor's obligations pursuant to this Section (Data Protection) shall not be subject to any limits of liability or exclusions as may be stated elsewhere in the Agreement.

A violation of this Section shall be deemed to cause irreparable harm that justifies injunctive relief in court. A violation of this Section may at the City's discretion result in immediate termination of this Agreement without notice. The obligations of Contractor under this Section shall survive the termination of this Agreement.

6.56. Security Inquiries

Contractor acknowledges that all of the employees that it provides pursuant to this Contract shall, at Contractor's expense, be subject to background and security checks and screening at the request of the City. Contractor shall perform all such security inquiries and shall make the results available to the City for all employees considered for performing work (including supervision and oversight) under this Contract. City may make further security inquiries. Whether or not further security inquiries are made by the City, City may, at its sole, absolute and unfettered discretion, accept or reject any or all of the employees proposed by the Contractor for performing work under this Contract. Employees rejected by the City for performing services under this Contract may still be engaged by Contractor for other work not involving the City. An employee rejected for work under this Contract shall not be proposed to perform work under other City contracts or engagements without the City's prior approval.

The City, in its sole discretion, reserves the right, but not the obligation to:

- require an employee/prospective employee of the Contractor to provide fingerprints and execute such other documentation as may be necessary to obtain criminal justice information pursuant to A.R.S. 41-1750 (G) (4);
- act on newly acquired information whether or not such information should have been previously discovered;

- unilaterally change its standards and criteria relative to the acceptability of Contractor's employees and/or prospective employees; and
