SECTION III- SPECIAL TERMS AND CONDITIONS, SUBSECTION 2:

PRICE: All prices submitted shall be firm and fixed for the initial 1 year of the contract. Thereafter, price increases will be considered annually provided the adjustments are submitted in writing with 30 days' notice to the Procurement Officer. Price increase requests shall be accompanied with written documentation to support the increase, such as a letter from the manufacturer, published price index, applicable change in law, etc. Price decrease requests do not require supporting documentation and are allowed at any time during the contract term.

The City will be the sole judge in determining the allowable increase amount. Price increases agreed to by any staff other than the Deputy Finance Director or Department Director are invalid. The Contractor acknowledges and agrees to repay all monies paid because of a requested price increase unless the increase was specifically approved, in writing, by the Deputy Finance Director or Department Director.

QUESTION:

Page 38 – Section V – Scope of Work – 8. Hydraulic System – “High capacity direct drive gear pump, pilot operated relief valve to protect system from overload.”

Most forklifts, if not all forklifts have a hydraulic pressure relief valve to protect from overload.

Question – **Could you please clarify what you mean by “pilot operated” relief valve to protect system from overload?**

ANSWER:

Please see Section V – Revised Scope of Work for revised language.

The balance of the specifications and instructions remain the same. Interested parties must acknowledge receipt and acceptance of this addendum by returning the entire addendum with the inquiry.
