**Invitation for Bid (IFB) 21-085
Hazardous Material Meters
Requirements Contract**

OFFEROR INQUIRIES AND CITY RESPONSES:

Question 1: For Item #34 – Handheld High-Pressure Mass Spectrometer, I believe this part # should have been **MX908-05-1-0-03** (with one year warranty & support), and not **MX908-05-1-4FR** (not a valid 908 Devices part #).

Answer 1: See Attachment A and Attachment B below for revisions.

Question 2: For Item #39, WSE1 – MX908 Extended warranty, and training 4 years, the correct part # for our four year W&S extension is **900-00504**. Part # **900-00501** only provides a one year extension of this coverage.

Answer 2: See Attachment A and Attachment B below for revisions.

Question 3: I had a follow up question with regards to a called out part # not matching the description and which will take precedence (part # or description). Line item 47, part # 103-032-0002 – the correct part # to match this given description is 103-032-0001.

Answer 3: The part number is correct but the description was not, and has been updated. See Attachment A and Attachment B below for revisions.

CHANGES:

- 1. Revised Description of Equipment – Attachment A** remove and replace with **Description of Equipment, Revision 2 – Attachment A.**
- 2. Revised Bid Price Schedule – Attachment B** remove and replace with **Bid Price Schedule, Revision 2 – Attachment B.**

The balance of the specifications and instructions remain the same. Bidder must acknowledge receipt and acceptance of this addendum by signing and returning the entire addendum with the bid or proposal submittal.
