RFP 23-SW-001
SOLID WASTE LONG HAUL SERVICES– REQUIREMENTS CONTRACT

The following are questions received and the City responses accordingly:

QUESTION 1:

11. SECURING OF LOADS AND CLEAN UP OF SPILLAGE

11.1. Immediately after loading is complete, the Contractor shall secure or cover the transfer trailers to prevent littering at the City Facilities and during materials transit to destination facilities. No tarping station will be provided by the City for the 27TS, NGTS or SR85LF Facilities.

Since contractors are required to secure or cover their trailers will the City of Phoenix allow contractors to install their own portable tarping station at both loading and unloading locations?

CITY RESPONSE:

Yes

QUESTION 2:

27.3.4.2 Demonstrate experience with operating and maintaining tipper equipment

We would like to clarify that PRIOR tipper experience is NOT a requirement to bid. We recognize that a successful bidder is responsible for providing, operating and maintaining tippers as part of the contract.

CITY RESPONSE:

Prior tipper experience is NOT a requirement to bid. Experience operating and maintaining tipper equipment should be demonstrated and be part of your proposal per section 27.3.4.2.

The balance of the specifications and instructions remain the same. Interested parties must acknowledge receipt and acceptance of this addendum by returning the entire addendum with the inquiry.
