## SECTION I - INSTRUCTIONS

CITY OF PHOENIX

### **24. DETERMINING RESPONSIVENESS AND RESPONSIBILITY:**

- 24.1. Offers will be reviewed for documentation of qualifications, completeness, and compliance with the Solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.
- 24.2. Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers (as the case may be) will render an Offer nonresponsive.
- 24.3. Exceptions, conditions, reservations, or understandings are presumed to be unacceptable, and an Offer that includes unacceptable exceptions, conditions, reservations, or understandings may be rejected as nonresponsive. Alternatively, the City in its sole discretion may instruct in writing that any Offeror remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so in writing, the City may determine the Offer to be nonresponsive.
- 24.4. Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the contractor, late deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Offeror be a responsible contractor. Responsibility includes the Offeror's integrity, skill, capacity, experience, financial ability, and facilities for conducting the work to be performed.
- 24.5. The Procurement Officer will review each Offer to determine if the Offeror is responsible and responsive. The City's determination as to whether an Offeror is responsible will be based on all information furnished by the Offeror, interviews (if any), and information received from Offeror's references, including information about Offeror's history, terminations for convenience or cause, contract breach lawsuits or notices of claim and any other sources the City deems appropriate. Award of the Contract resulting from the solicitation will not be made until any necessary investigation, which each Offeror agrees to permit by submitting its Offer, is made by the City as it deems necessary. A review of responsibility may occur up to contract award.
- 24.6. The Offeror's unreasonable failure to promptly supply information about an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such Offeror.

**25. OFFERS NOT WITHIN THE COMPETITIVE RANGE:** The City may notify Offerors of Offers that the City determined are not in the Competitive Range.

**26. DISCUSSIONS WITH OFFERORS IN THE COMPETITIVE RANGE:**

- 26.1. The City will notify each Offeror whose Offer is in the Competitive Range or made the 'short list' and provide in writing any questions or requests for clarification to the Offeror. Each Offeror so notified may be interviewed by the City and asked to discuss answers to written or oral questions or provide clarifications to any facet of its Offer. The Offerors in the competitive range may be required to provide a demonstration of their product.
- 26.2. Demonstrations - Offerors in the competitive range may be invited to construct a hands-on sample or presentation of their solution at the City of Phoenix. In addition, each finalist may prepare and deliver a presentation of their proposed solution based on the script developed by the evaluation panel. The City may also require a hands-on lab demonstration designed specifically for the evaluation panel. The results of the surveys will be tabulated and delivered to the evaluation team for the final review and solution selection session(s).
- 26.3. If an Offer in the Competitive Range contains conditions, exceptions, reservations or understandings to or about any Contract or Solicitation Scope requirement, the City may discuss or negotiate the conditions, exceptions, reservations or understandings during these meetings. But the City in its sole discretion may reject any and all conditions, exceptions, reservations and understandings, and the City may instruct any Offeror to remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so, the City may determine the Offer is nonresponsive, and the City may revoke its determination that the Offer is in the Competitive Range.
- 26.4. To the fullest extent permitted by law, the City will not provide any information, financial or otherwise, to any Offeror about other Offers received in response to this solicitation. During discussions with Offerors in the Competitive Range, the City will not give Offerors specific prices or specific financial requirements that Offerors must meet to qualify for further consideration. The City may state that proposed prices are too high with respect to the marketplace or otherwise unacceptable. Offerors will not be told of their relative rankings before Contract award.

**SECTION IV – INSURANCE AND INDEMNIFICATION**

**1. DEFENSE AND INDEMNIFICATION CLAUSE:**

To the maximum extent allowed by law, including Title 34 A.R.S., Consultant (“Indemnitor”) must defend, indemnify, and hold harmless the City and its officers, officials (elected or appointed), agents and employees (“Indemnitee”) from any and all claims, actions, liabilities, damages, losses or expenses (including but not limited to court costs, attorney fees, expert fees, and costs of claim processing, investigation and litigation) of any nature or kind whatsoever (“Losses”) caused or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of Indemnitor or any of its owners, officers, directors, members, managers, agents, employees, or subconsultants (“Indemnitor’s Agents”) arising out of or in connection with this Contract. This defense and indemnity obligation includes holding Indemnitee harmless for any Losses or other amount arising out of or recovered under any state’s workers’ compensation law or arising out of the failure of Indemnitor or Indemnitor’s Agents to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. Indemnitor’s duty to defend Indemnitee accrues immediately at the time a claim is threatened or a claim is made against Indemnitee, whichever is first. Indemnitor’s duty to defend exists regardless of whether Indemnitor is ultimately found liable. Indemnitor must indemnify Indemnitee from and against any and all Losses, except where it is proven that those Losses are solely as a result of Indemnitee’s own negligent or willful acts or omissions. Indemnitor is responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this contract, Indemnitor agrees to waive all rights of subrogation against Indemnitee for losses arising from or related to any work performed by Indemnitor or Indemnitor’s Agents for the City of Phoenix under this Contract. The obligations of Indemnitor under this provision survive the termination or expiration of this Contract.

The Office of the City Engineer is responsible for the procurement process for City Capital Improvement Program projects that fall under ARS Title 34, including new installation and remodeling.

Construction projects begin with the design phase. Consultants who provide design or engineering services, (i.e. architects, engineers and design firms) are considered “professionals” by the insurance industry and they are insured by a specific type of liability insurance called professional liability, also known as errors and omissions (E&O) liability. In addition to the required general liability, automobile liability and workers’ compensation insurance, the City also requires the consultant to provide evidence of professional liability coverage.

Professional liability insurance protects against losses that occur when a “professional” fails to practice his or her profession to the usual and customary standards of that

profession. There can be risks to the City associated with errors (or allegations of errors) in the professional’s work product or judgment. The types of losses that can occur under such circumstances are often excluded under general liability policies.

Many design consultants use subconsultants to assist them in designing a project. Because the subcontract value may be small compared to the overall project construction cost, **a lower limit of professional liability may be required** of the sub-consultant.

The following chart represents appropriate levels of professional liability required of both the primary design consultant and any registered subconsultant participating in a City design project. A registered subconsultant (as appropriate for the specific project) may include structural, civil, mechanical, plumbing, or electrical engineering; landscape architecture; surveying, geo-technical work or materials testing.

The sample specifications included in this section contain minimum standard professional liability amounts but should be amended to reflect higher liability limits as the contract value increases, according to the following chart.

**2. CONSULTANT’S INSURANCE:**

Consultant and subconsultants must procure insurance against claims that may arise from or relate to performance of the work hereunder by Consultant and its agents, representatives, employees and subconsultants. Consultant and subconsultants must maintain that insurance until all their obligations have been discharged, including any warranty periods under this Contract.

The City in no way warrants that the limits stated in this section are sufficient to protect the Consultant from liabilities that might arise out of the performance of the work under this Contract by the Consultant, its agents, representatives, employees, or subconsultants and Consultant may purchase such additional insurance as they determined necessary.

**2.1. SCOPE AND LIMITS OF INSURANCE** - Consultant must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the liability limits provided that (1) the coverage is written on a “following form” basis, and (2) all terms under each line of coverage below are met.

**2.1.1. Commercial General Liability – Occurrence Form**

General Aggregate	\$2,000,000
Products – Completed Operations Aggregate	\$1,000,000

- There shall be no endorsement or modification which limits the scope of coverage or the policy limits available to the City of Phoenix as an additional insured.

- This requirement does not apply when a contractor or subcontractor is exempt under A.R.S. 23-902(E), **AND** when such contractor or subcontractor executes the appropriate sole proprietor waiver form.

**2.1.4. Professional Liability (Errors and Omissions Liability)**

Each Claim	\$1,000,000
Annual Aggregate	\$1,000,000

Such notice must be mailed, emailed, or hand delivered to **(City of Phoenix Department Representative’s Name & Address & Fax Number)**.

**2.3. ACCEPTABILITY OF INSURERS:** Insurance is to be placed with insurers duly licensed or authorized to do business in the state of Arizona and with an “A.M. Best” rating of not less than B+ VI. The City in no way warrants that the required minimum insurer rating is sufficient to protect the Consultant from potential insurer insolvency.

**2.4. VERIFICATION OF COVERAGE:** Consultant must furnish the City with certificates of insurance (ACORD form or equivalent approved by the City) as required by this Contract. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

All certificates and any required endorsements are to be received and approved by the City before work commences. Each insurance policy required by this Contract must be in effect at or prior to commencement of work under this Contract and remain in effect for the duration of the project. Failure to maintain the insurance policies as required by this Contract or to provide evidence of renewal is a material breach of contract.

All certificates required by this Contract must be sent directly to [Procurement@phoenix.gov](mailto:Procurement@phoenix.gov) or 251 W. Washington St., Phoenix, AZ 85003, 8<sup>th</sup> Floor, Attn: Central Procurement Division. The City project/contract number and project description must be noted on the certificate of insurance. The City reserves the right to review complete copies of all insurance policies required by this Contract at any time. **DO NOT SEND CERTIFICATES OF INSURANCE TO THE CITY’S RISK MANAGEMENT DIVISION.**

**2.5. SUBCONSULTANTS:** Consultant’s certificates shall include all subconsultants as additional insureds under its policies **OR** Consultant shall be responsible for ensuring and verifying that all subconsultants have valid and collectable

insurance. At any time throughout the life of the contract, the City of Phoenix reserves the right to require proof from the Consultant that its subconsultants have insurance coverage. All subconsultants providing services included under this Contract's Scope of Services are subject to the insurance coverages identified above and must include the City of Phoenix as an additional insured. In certain circumstances, the Consultant may, on behalf of its subconsultants, waive a specific type of coverage or limit of liability where appropriate to the type of work being performed under the subcontract.
