

SOLICITATION ADDENDUM

Solicitation Number: IFB 22-FMD-038 (KP) Addendum #1 Page 1 of 1

Solicitation Due Date: Wednesday, January 26, 2022 1:00 p.m. Local Time

CITY OF PHOENIX
Procurement Division
200 W. Washington Street
7th Floor
Phoenix, AZ 85003
Phone: (602) 256-5634

TEST AND BALANCE SERVICES

QUESTIONS:

Question 1:

Is this request specific to standalone Test and Balance services, or would the successful vendor be able to provide in-house TAB as an ancillary service? I.e: implementation on RCx projects?

Response 1:

Most test and balance will be performed for troubleshooting and commissioning of existing systems. There will be some test and balance performed for retro-commissioning for energy conservation and implementing new ASHRAE guidelines related to COVID Indoor Air Quality (IAQ). The City of Phoenix already has on-call engineering services that will be used for any required engineering on test and balance changes.
