SECTION I - INSTRUCTIONS

CITY OF PHOENIX

goods, contained in this solicitation and who have demonstrated the ability to perform in an acceptable manner.

16.2 Factors that may be considered by the City include:

- Technical capability of the Offeror to accomplish the scope of work required in the Solicitation. This may include performance history on past and current government or industrial contracts; and,
- Demonstrated availability of the necessary manpower (both supervisory and operational personnel) and necessary equipment to accomplish the scope of work in the Solicitation; and,
- Safety record, including complaints and investigations; and,
- Vendor history of complaints and termination for convenience or cause, litigation or lawsuits.

16.3 Notwithstanding any other provision of this solicitation, the City reserves the right to: (1) waive any immaterial defect or informality; or (2) reject any or all offers or portions thereof; or (3) reissue a solicitation.

16.4 A response to a solicitation is an offer to contract with the City based upon the terms, conditions, and specifications contained in the City's solicitation. Offers do not become contracts until they are executed by the Deputy Finance Director or Department Director. A contract has its inception in the award, eliminating a formal signing of a separate contract. For that reason, all of the terms, conditions and specifications of the procurement contract are contained in the solicitation, and in any addendum or contract amendment.

17. CITY'S RIGHT TO DISQUALIFY FOR CONFLICT OF INTEREST:

The City reserves the right to disqualify any Offeror based on any real or apparent conflict of interest that is disclosed by the offer submitted or any other data available to the City. This disqualification is at the sole discretion of the City. Any Offeror submitting an offer herein waives any right to object now or at any future time, before any agency or body, including but not limited to, the City Council of the City of Phoenix or any court.

18. SOLICITATION TRANSPARENCY POLICY:

18.1. Commencing on the date and time a solicitation is published, potential or actual offerors or respondents (including their representatives) shall only discuss matters associated with the solicitation with the Mayor, any members of City Council, the City Manager, any Deputy City Manager, or any department director directly associated with the solicitation (including in each case their assigned staff, except for the designated procurement officer) at a public meeting, posted under Arizona Statutes, until the resulting contract(s) are awarded to all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or similar solicitation.

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

- 18.2.** As long as the solicitation is not discussed, Offerors may continue to conduct business with the City and discuss business that is unrelated to the solicitation.
- 18.3.** Offerors may discuss their offer or the solicitation with the Mayor or one or more members of the Phoenix City Council, provided such meetings are scheduled through the Procurement Officer, and are posted as open meetings with the City Clerk at least 24 hours prior to the scheduled meetings. The City Clerk will be responsible for posting the meetings. The posted notice shall identify the participants and the subject matter, as well as invite the public to participate.
- 18.4.** With respect to the selection of the successful Offerors, the City Manager and City Manager's Office will continue the past practice of exerting no undue influence on the process.
- 18.5.** This policy is intended to create a level playing field for all Offerors, assure that contracts are awarded in public, and protect the integrity of the selection process. **OFFERORS THAT VIOLATE THIS POLICY SHALL BE DISQUALIFIED.** After official Notice is received by the City for disqualification, the Offeror may follow the Protest process, unless the Solicitation is cancelled without notice of intent to re-issue.
- 18.6.** "To discuss" means any contact by the Offeror, regardless of whether the City responds to the contact. Offerors that violate this policy will be disqualified until the resulting contract(s) are awarded, or all offers or responses are rejected and the solicitation is cancelled without any announcement by the Procurement Officer of the City's intent to reissue the same or a similar solicitation. The City interprets the policy as continuing through a cancellation of a solicitation until Council award of the contract, as long as the City cancels with a statement that the City will rebid the solicitation.

19. PROTEST PROCESS:

- 19.1.** Offeror may protest the contents of a solicitation no later than seven days before the solicitation deadline when the protest is based on an apparent alleged mistake, impropriety or defect in the solicitation. Protests filed regarding the solicitation may be addressed by an amendment to the solicitation or denied by the City. If denied, the opening and award will proceed unless the City determines that it is in the City's best interests to set new deadlines, amend the solicitation, cancel or re-bid.
- 19.2.** Therefore, unless otherwise notified by a formal amendment, the Protester must adhere to all solicitation dates and deadlines, including timely filing of an offer, regardless of filing a protest.

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

- 19.3.** Offeror may protest an adverse determination issued by the City regarding responsibility and responsiveness, within seven days of the date the Offeror was notified of the adverse determination.
- 19.4.** Offeror may protest an award recommendation if the Offeror can establish that it had a substantial chance of being awarded the contract and will be harmed by the recommended award. The City will post recommendations on the City's website to award the contract(s) to an Offeror(s). Offeror must submit award protests within seven days after the posting of the award recommendation, with exceptions only for good cause shown, within the City's full and final discretion.
- 19.5.** All protests will be in writing, filed with the Procurement Officer identified in the solicitation and include the following:
- 19.5.1. Identification of the solicitation number;
 - 19.5.2. The name, address and telephone number of the protester;
 - 19.5.3. A detailed statement describing the legal and factual grounds for the protest, including copies of relevant documents;
 - 19.5.4. The form of relief requested; and
 - 19.5.5. The signature of the protester or its authorized representative.
- 19.6.** The Procurement Officer will render a written decision within a reasonable period after the protest is filed. The City will not request City Council authorization to award the contract until the protest process is complete. All protests and appeals must be submitted in accordance with the City's Procurement Code, (Phoenix City Code, Ch. 43) and any protests or appeals not submitted within the time requirements will not be considered. Protests must be filed with the Procurement Officer.

20. PUBLIC RECORD:

All Offers submitted in response to this solicitation will become the property of the City and become a matter of public record available for review pursuant to Arizona State law. If an Offeror believes that a specific section of its Offer response is confidential, the Offeror will isolate the pages marked confidential in a specific and clearly labeled section of its Offer response. An Offeror may request specific information contained within its Offer is treated by the Procurement Officer as confidential provided the Offeror clearly labels the information "confidential." To the extent necessary for the evaluation process, information marked as "confidential" will not be treated as confidential. Once the procurement file becomes available for public inspection, the Procurement Officer will not make any information identified by the Offerors as "confidential" available to the public unless necessary to support the evaluation process or if specifically requested in accordance with applicable public records law. When a public records request for such information is

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

received, the Procurement Officer will notify the Offeror in writing of any request to view any portion of its Offer marked “confidential.” The Offeror will have the time set forth in the notice to obtain a court order enjoining such disclosure. If the Offeror does not provide the Procurement Officer with a court order enjoining release of the information during the designated time, the Procurement Officer will make the information requested available for inspection.

21. LATE OFFERS:

Late Offers must be rejected, except for good cause. If a late Offer is submitted, the Department will document the date and time of the submittal of the late Offer, keep the Offer and notify the Offeror that its Offer was disqualified for being late.

22. RIGHT TO DISQUALIFY:

The City reserves the right to disqualify any Offeror who fails to provide information or data requested or who provides materially inaccurate or misleading information or data. The City further reserves the right to disqualify any Offeror on the basis of any real or apparent conflict of interest that is disclosed by the Offeror submitted or any other data or information available to the City. This disqualification is at the sole discretion of the City. By submission of a solicitation response, the Offeror waives any right to object now or at any future time, before any agency or body including, but not limited to, the City Council of the City or any court as to the exercise by the City of such right to disqualify or as to any disqualification by reason of real or apparent conflict of interest determined by the City. The City reserves the right to replace the disqualified Offeror.

23. SITE INSPECTION:

A one-time walk-through site inspection tour will be conducted at the date and time indicated for the location noted in the Schedule of Events. Submission of an offer will be prima facie evidence that the Offeror did, in fact, make a site inspection and is aware of all conditions affecting performance and offer prices.

24. PERFORMANCE BOND:

A performance surety in the amount of 10% of the total contract amount shall be provided by the Contractor immediately after notice of award. The City of Phoenix will not issue a written purchase order or give notice to proceed in any form until the surety is received by the Procurement Officer. The performance surety must be in the form of a bond, letter of credit, Certificate of Deposit, cashier's check, certified check or money order. Personal or company checks are not acceptable unless certified. If surety is in the form of a bond, the company issuing the surety must be authorized by the Insurance Department of Arizona to transact business in the State of Arizona or be named on the approved listing of non-admitted companies. If a Letter of Credit, the City only accepts from banks rated "A" or better by Moody's or Standard & Poor. Banks customarily maintain a standard format for Letters of Credit; the bank and format will need to be submitted to the City. Approvals from several departments may be required before final acceptance of the letter of credit or bond; this process may take up to 15 days. A Certificate of Deposit (CD) issued by a local Phoenix bank may also be used as a form of surety, provided that the CD is issued jointly in the

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

name of the City of Phoenix and the Contractor, and that the Contractor endorses the CD over to the City at the beginning of the contract period. Interest earnings from the CD can be retained by the Contractor.

25. CONTRACT AWARD:

The City reserves the right to award a contract by individual line items, by group, all or none, or any other combination most advantageous to the City. The City reserves the right to multiple award.

26. EVALUATION OF COMPETITIVE SEALED OFFERS:

Any ties in scoring will be resolved with a best and final price request and the lowest price will prevail.

27. DETERMINING RESPONSIVENESS AND RESPONSIBILITY:

27.1. Offers will be reviewed for documentation of qualifications, completeness, and compliance with the Solicitation requirements. The City reserves sole discretion to determine responsiveness and responsibility.

27.2. Responsiveness: Nonresponsive Offers will not be considered in the evaluation process. The solicitation states criteria that determine responsiveness, and the solicitation includes terms and conditions that if included or excluded from Offers (as the case may be) will render an Offer nonresponsive.

27.3. Exceptions, conditions, reservations, or understandings are presumed to be unacceptable, and an Offer that includes unacceptable exceptions, conditions, reservations, or understandings may be rejected as nonresponsive. Alternatively, the City in its sole discretion may instruct in writing that any Offeror remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so in writing, the City may determine the Offer to be nonresponsive.

27.4. Responsibility: To obtain true economy, the City must conduct solicitations to minimize the possibility of a subsequent default by the contractor, late deliveries, or other unsatisfactory performance that may result in additional administrative costs. It is important that the Offeror be a responsible contractor. Responsibility includes the Offeror's integrity, skill, capacity, experience, financial ability, and facilities for conducting the work to be performed.

27.5. The Procurement Officer will review each Offer to determine if the Offeror is responsible and responsive. The City's determination as to whether an Offeror is responsible will be based on all information furnished by the Offeror, interviews (if any), and information received from Offeror's references, including information about Offeror's history, terminations for convenience or cause, contract breach lawsuits or notices of claim and any other sources the City deems appropriate. Award of the Contract resulting from the solicitation will not be made until any necessary investigation, which each Offeror agrees to permit by submitting its

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

Offer, is made by the City as it deems necessary. A review of responsibility may occur up to contract award.

- 27.6.** The Offeror's unreasonable failure to promptly supply information about an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such Offeror.

28. DETAILED EVALUATION OF OFFERS AND DETERMINATION OF COMPETITIVE RANGE:

During deliberations, the Evaluation Panel will reach a consensus score for each evaluation criterion except price. The Procurement Officer will score the price, which will be added to the overall consensus score. The overall consensus scores will determine the Offerors' rankings and which Offers are within the Competitive Range, when appropriate.

29. OFFERS NOT WITHIN THE COMPETITIVE RANGE:

The City may notify Offerors of Offers that the City determined are not in the Competitive Range.

30. DISCUSSIONS WITH OFFERORS IN THE COMPETITIVE RANGE:

- 30.1.** The City will notify each Offeror whose Offer is in the Competitive Range or made the 'short list' and provide in writing any questions or requests for clarification to the Offeror. Each Offeror so notified may be interviewed by the City and asked to discuss answers to written or oral questions or provide clarifications to any facet of its Offer. The Offerors in the competitive range may be required to provide a demonstration of their product.

- 30.2.** Demonstrations - Offerors in the competitive range may be invited to construct a hands-on sample or presentation of their solution at the City of Phoenix. In addition, each finalist may prepare and deliver a presentation of their proposed solution based on the script developed by the evaluation panel. The City may also require a hands-on lab demonstration designed specifically for the evaluation panel. The results of the surveys will be tabulated and delivered to the evaluation team for the final review and solution selection session(s).

- 30.3.** If an Offer in the Competitive Range contains conditions, exceptions, reservations or understandings to or about any Contract or Solicitation Scope requirement, the City may discuss or negotiate the conditions, exceptions, reservations or understandings during these meetings. But the City in its sole discretion may reject any and all conditions, exceptions, reservations and understandings, and the City may instruct any Offeror to remove the conditions, exceptions, reservations or understandings. If the Offeror fails to do so, the City may determine the Offer is nonresponsive, and the City may revoke its determination that the Offer is in the Competitive Range.

SECTION I - INSTRUCTIONS

CITY OF PHOENIX

30.4. To the fullest extent permitted by law, the City will not provide any information, financial or otherwise, to any Offeror about other Offers received in response to this solicitation. During discussions with Offerors in the Competitive Range, the City will not give Offerors specific prices or specific financial requirements that Offerors must meet to qualify for further consideration. The City may state that proposed prices are too high with respect to the marketplace or otherwise unacceptable. Offerors will not be told of their relative rankings before Contract award.

31. BEST AND FINAL OFFERS (BAFO):

31.1. A BAFO is an option available for negotiations. Each Offeror in the Competitive Range, which is determined in the City's sole discretion, may be afforded the opportunity to amend its Offer and make one BAFO.

31.2. If an Offeror's BAFO modifies its initial Offer, the modifications must be identified in the BAFO. The City will evaluate BAFOs based on the same requirements and criteria applicable to initial Offers. The City will adjust appropriately the initial scores for criteria that have been affected by Offer modifications made by a BAFO. Based on the criteria defined in the solicitation as weighted, the City will then perform final scoring and prepare final rankings.

31.3. The Evaluation Panel will recommend the Offer that is the best value and most advantageous to the City based on the evaluation criteria.

31.4. The City reserves the right to make an award to an Offeror whose Offer is the highest rated, best value, and most advantageous to the City based on the evaluation criteria, without conducting written or oral discussions with any Offeror, without negotiations, and without soliciting BAFOs.

The parties further agree that the sum fixed above is reasonable and approximates the actual or anticipated loss to the City at the time and making of this agreement if Contractor breaches this section. SECTION V – SCOPE OF WORK

CITY OF PHOENIX

SECTION V – SCOPE OF WORK

1. Overview

Construction & Demolition (C&D) waste is generated during construction, renovation and demolition of buildings, along with other types of infrastructure. Construction & Demolition (C&D) materials commonly refer to inert material, dimensional lumber, pallets, crates, treated wood, contaminated wood, new gypsum scrap, demo gypsum scrap, insulation, rock, concrete, brick, roofing, cardboard, drywall, composite wood, other construction debris.

The City of Phoenix (City) is seeking one or more entities to provide innovative solutions to divert, recycle and/or reuse C&D waste. This RFP is part of the City's goal of diverting 50% of its trash from the landfill by the year 2030 and achieving zero waste by 2050. The City of Phoenix will only entertain proposals interested in leasing land at the City's Resource Innovation Campus to perform C&D waste diversion.

The U.S. Environmental Protection Agency (EPA) estimates that in 2018, over 600 million tons of C&D debris were generated across the United States which is more than twice the amount of generated municipal solid waste. At the regional level, the Greater Phoenix Economic Council, a regional economic development organization, reported 221 new businesses locating to the Greater Phoenix metropolitan area between FY2017-FY2021 totaling more than 17.3M SF of new construction within the region. On a more local scale, the City of Phoenix Planning & Development Department reported 29,499 new construction applications and 8,716 demo permit applications between FY10-FY18. This RFP seeks one or more entities for a general diversion solution of those materials currently in the City's waste and recycling streams and other construction, renovation, and demolition projects. Proposers should understand that C&D materials in the waste and recycling streams are not source separated at either City transfer station. However, there may be an opportunity to divert these materials from City streams. Proposers may bid on one or more solutions for C&D materials reuse, repurpose, remanufacture, and/or research and development. At this time, the City will not consider any bid proposing using materials collected through this solicitation as alternative daily cover.

2. Resource Innovation Campus

The City is creating the Resource Innovation Campus (RIC) as a regional circular economy hub. The RIC is home to one of the City's two transfer stations, one of two Material Recovery Facilities, and a composting facility. Approximately 20 acres of the RIC is available to be leased to innovators with market-ready technologies and manufacturing processes that reuse or repurpose trash materials including recycled plastics, recycled paper, and recycled boxes and packing materials. Innovators to be located at the Resource Innovation Campus (RIC) will be selected through competitive processes, including this RFP for C&D waste. To be added to the notification list for future RFPs, please email amanda.jordan@phoenix.gov.

SECTION V – SCOPE OF WORK

CITY OF PHOENIX

3. Construction & Demolition Waste Diversion Site(s) at Resource Innovation Campus

The City will identify the primary C&D waste diversion site on the Resource Innovation Campus (RIC). The actual acreage to be leased to any successful proposer will be based on the acreage requirements listed in its proposal and agreed upon by the City. Should the City select more than one successful proposer, the City reserves the right to negotiate other construction & demolition diversion sites on the Resource Innovation Campus.

The successful proposer(s) shall pay the City rent. The estimated lease rate is open for negotiations and subject to final appraisal by the City.

4. Development and Infrastructure

Proposers shall identify utility infrastructure needs for project proposals to be constructed at the Resource Innovation Campus including identification of water, wastewater, electricity, natural gas, telecommunications, and any other required utility services. The City expects to provide access for power and water utility access to the site, but other utility services will be the responsibility of the successful proposer. However, these terms are subject to negotiations of final lease and operating agreements.

5. Construction & Demolition Waste Feedstock

As previously outlined, C&D materials are not currently source separated at either City transfer station. Each proposer must explain if, and how, these materials will be separated. The proposer should also identify how the materials will be transported to the proposed site from the City's Materials Recovery Facilities, which include the 27th Ave & Lower Buckeye location at 3060 S 27th Ave, Phoenix, AZ, 85009 and North Gateway Transfer Station (NGTS) at 30205 N Black Canyon Hwy, Phoenix, AZ 85085 and other City and regional projects. The City has no plans to deliver materials to the successful bidder. Proposers should include the cost of transportation in their Price Per Ton in the Financial Impact, Section VI – Submittals.

The City recognizes that the construction and operation of a C&D waste diversion, recycling and processing facility at the Resource Innovation Campus may be intended to serve regional recycling needs for these C&D waste resources, therefore, the successful bidder may accept C&D waste from other sources. The Proposer shall identify if it intends to serve as a regional facility and indicate in its business plan and the financial offer how the City of Phoenix will benefit. The successful offerors(s) will process 100% of the recyclable materials, excluding any residue. Proposers should endeavor to minimize as much residue as possible and must pay the City for any disposal at the posted gate rate or may be negotiated as part of the overall financial proposal.

The City further recognizes that expanding the diversion of C&D waste from the residential garbage and recycling stream is beneficial to our goals to achieve a 50% diversion rate by the year 2030 and zero waste by 2050. Proposals should identify the types of C&D waste that are eligible for processing at its proposed facility and any quality specifications that must be met to accept delivery. Bidders should outline in their proposals the business plan to attract C&D materials to their facility for recycling. Additionally, the City is interested in hearing recommendations on diverting City C&D materials. The City shall be offered the opportunity to bid for services such as roll-off, hauling, etc.

SECTION V – SCOPE OF WORK

CITY OF PHOENIX

6. Reporting and Payment

The successful proposer must comply with all city reporting requirements, which include, but not limited to, monthly and annual reports including data on tonnage diverted via the facility.

7. Desired Project

7.1 Advances the City's goal to divert 50% of its trash by the year 2030 and zero waste to landfill by 2050 by recycling or reusing C&D waste materials that are currently landfilled. **The City of Phoenix does not currently have a program targeting collection of C&D waste materials, therefore, the diversion of C&D waste in the Phoenix area from landfill to reuse or recycle will meet this objective.**

7.2 Furthers the City's efforts to create a local circular economy by recycling or reusing the City's C&D waste along with other City and regional projects.

7.3 Creates new jobs at the Resource Innovation Campus.

7.4 Incorporates sustainability concepts in its building design and overall operations
