**ENVIRONMENTA PROJECT SPECIALISTS –
REQUIREMENTS CONTRACT**

QUESTIONS AND ANSWERS:

Q1. The Evaluation Criteria for the RFP lists 300 points for the Proposed Candidate’s experience, knowledge and background. If a Consultant is proposing for only one position or the other (archaeological or general environmental project specialist), but not both; will the 300 points be broken out between the two the positions or will it be divided?

A1: The Consultant would be evaluated according to the position they are applying for. That is, 300 points toward either archaeology or environmental. The stronger the candidate for their technical area, the more points. For example, an archaeologist wouldn’t be given more or less points compared to a generalist.

The balance of the specifications and instructions remain the same. Bidder must acknowledge receipt and acceptance of this addendum by signing below and returning the entire addendum with the bid or proposal submittal.

Name of Company: _____
