Tabulations, Awards, and Recommendations

<https://solicitations.phoenix.gov/Awards>

Straight Six-Year Term

- Year 1: Implementation and Testing
- Years 2-6: Operations and Maintenance (O&M)
 - Year 2: Warranty
 - Years 3-6: Non-Warranty

Minimum Qualifications

Each Offeror must submit documentation to demonstrate the Minimum Qualifications.

Failure to meet the minimum qualifications will result in an offer being deemed non-responsive.

Minimum Qualifications

- Must have been in business providing goods and services related to this Scope of Work for a minimum of five (5) continuous years.
- Must have a minimum of five (5) years of experience in design, implementation, maintenance, and support of an IDMS.
- Must have successfully delivered at least one (1) IDMS project of similar scope in the past five (5) years at other Cat X airports in the U.S. Experience must include environments where IDMS was integrated with an enterprise-wide Access Control system.
- Offeror's proposed key personnel for this project must have demonstrated experience in delivering three (3) IDMS projects of similar scope in the past five (5) years

Only those Offerors submitting responsive and responsible offers meeting the minimum qualifications will have their Offers evaluated.

Method of Approach	0-450
Qualifications and Experience of Firm	0-200
Qualifications and Experience of Key Personnel	0-200
Price Schedule	0-150
Total Available Points	1000 Points Maximum

Price Schedule Worksheet

Year 1 Implementation and Testing
Software Licensing
Equipment
Professional Services
Training
Other Fees

Years 2-6 Operations & Maintenance (O&M)
Annual Maintenance
Technical Support
Licensing
Other Fees

- These items are not included on the RFP document and are to be viewed/downloaded from the City's solicitation website:

Attachments: (MUST be completed and submitted with offer)

- Attachment A – Price Schedule Worksheet (Tab 4)
- Attachment B – Functional and Non-Functional Requirements Compliance Matrix (Tab 1)
- Attachment C – Security and Privacy Maturity Questionnaire (Tab 7)

Exhibits: (for informational purposes - DO NOT submit with offer)

- Exhibit D – Identity Management Processes – Future State
- Exhibit E – Cybersecurity Incident Reporting

- Any changes to this RFP will be in the form of an addendum, available at:
<https://solicitations.phoenix.gov/Solicitations/Details/1220>
- The Offeror shall acknowledge receipt of any/all addendum by signing and returning the document with the offer submittal.
- If an addendum is released with material changes and the Offeror does not sign & submit, the offer will be deemed non-responsive and rejected.
- It is the Offerors' responsibility to visit the City's website for update(s) to this solicitation including all addendums.

If submitting in-person or via carrier, submittals must include:

- One (1) original Offer
- One (1) electronic copy of the Offer on a portable drive

All offers, whether submitted electronically or physically, must be organized by the following tabs:

- ✓ Tab 1: Method of Approach (includes Attachment B)
- ✓ Tab 2: Qualifications and Experience of Firm
- ✓ Tab 3: Qualifications and Experience of Key Personnel
- ✓ Tab 4: Price Schedule Worksheet (Attachment A)
- ✓ Tab 5: Submittal Section (in its entirety)
- ✓ Tab 6: Signed Addenda, if any
- ✓ Tab 7: Security and Privacy Maturity Questionnaire (Attachment C)
- ✓ Tab 8: Statement of Bonding Ability (if selected as method of performance guarantee)

Why the Re-Solicitation?

AVN RFP 22-030 replaces canceled AVN RFP 22-003

The following changes were made to AVN RFP 22-030:

- Updates to Performance Guarantee requirements (pgs. 14-16)
- Addition of item 14. Offer Limitations to this Solicitation (pgs. 8-9)
- Source Code: allowing for third-party escrow services agreements (pg. 79)
- Minor adjustments to the scope of work (including incorporation of items from the previous solicitation's Addendum 1)

Scope of Work Summary

Presenters:

Paul Berumen, Public Safety & Security Division

Dan Griggs, Technology Division

Purpose / Objective

- Enhance Security Badging Office (SBO) capabilities to provide secure integration between disparate systems, reduce data entry required by SBO personnel, and provide a secure paperless system for credential applications that will include a secure web portal for authorized signers (AS).
- Support security vetting and identity verification, workflow management and business rule enforcement for regulatory compliance required by the Transportation Security Administration (TSA), the Airport Security Program (ASP), local city ordinances, and City of Phoenix Aviation rules and regulations.
- Provide security vetting, credential control, and record keeping requirements as specified by federal agencies.
- **Strategic Objectives**
 - Commercial-Off-The Shelf (COTS)
 - Configurable
 - Upgradable
 - Paperless
 - Increased Automation
- **Existing IDMS:** HID Safe v4.5

Scope of Work Summary

Summary

- Design, install, and provide ongoing maintenance and technical support for an IDMS
- Provide IDMS training to City employees, consultants, etc.
- Major work items (include but are not limited to)
 - Design, provide, implement, and maintain a turn-key IDMS
 - Provide any application software, application software licenses, specialized hardware, hardware licenses, and interfaces required to fully operate the IDMS
 - Provide all system software necessary for a Development Environment (DEV), a Pre-Production/Test Environment (Pre-PROD/Test), and a Production Environment (PROD) with disaster recovery for each environment
 - Ensure that the IDMS supports current federal requirements and regulatory compliance
 - Provide IDMS design/installation documents detailing any system configuration or enhancements made to meet the City's IDMS Requirements and detailing the IDMS system architecture and implementation on the City's network
 - Perform integration and system (end-to-end) performance verification testing and commissioning
 - Assess and reconcile existing IDMS data, migrate to new IDMS, and support the City's IDMS with data cleanup
- The Aviation Department is looking for an end-to-end solution for badging station hardware (peripherals)

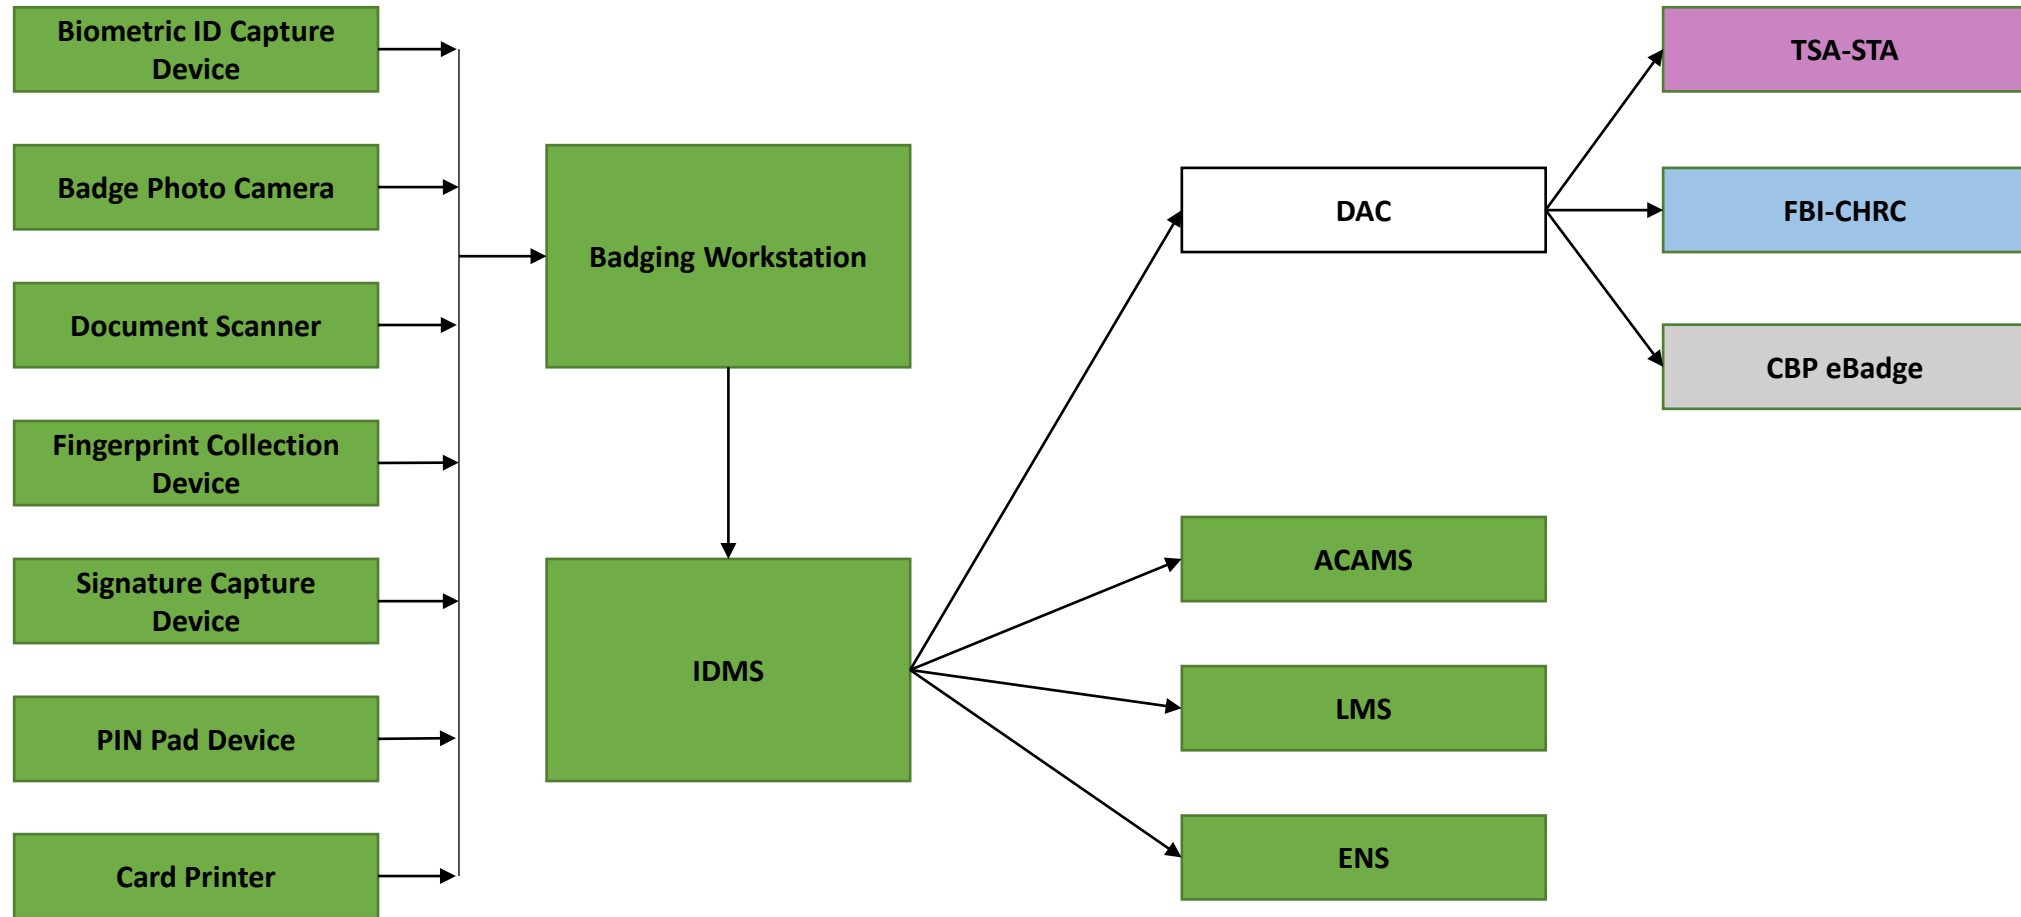

Project Timeline:

- Provide an approach and plan for implementing the IDMS in the shortest timeframe while ensuring successful operation of the system
- The current IDMS contract expires on 6/15/2023

REQUIREMENTS

- Must respond to each of the Functional and Non-Functional Requirements are outlined in Attachment B - Compliance Matrix
 - Out of the box
 - Configuration Change
 - Programming Change – On Roadmap
 - Programming Change – Custom Development
 - Not supported
- System Availability of 99.99% - 24/7/365

IDMS Integrations

Thank You for Attending!
